(8) In paragraph (3), “marine area” includes the Scottish inshore region.

PART 2

CONSERVATION OF NATURAL HABITATS AND HABITATS OF SPECIES

European sites

Selection of sites eligible for identification as of Community importance

10.—(1) On the basis of the criteria set out in Annex III (Stage 1) to the Habitats Directive, and relevant scientific information, the appropriate authority must propose a list of sites in England or Wales which are eligible for identification as of Community importance, indicating with respect to each site—
(a) which natural habitat types in Annex I to the Habitats Directive the site hosts; and
(b) which species in Annex II to the Habitats Directive that are native to Great Britain the site hosts.

(43) 1992 c. 36; a relevant amendment was made by S.I. 1999/1820.
(44) 1865 c. 125.
(45) 1900 c. 56; section 2(2) was amended by SR & O 1924/1370, the Crown Estate Act 1961 (c. 55), section 1, and S.I. 1964/488.
(46) 1964 c. 40.
(47) 1974 c. 40.

(49) 1991 c. 59.
(50) 2008 c. 29.
(51) 1998 c. 46.
(2) For animal species ranging over wide areas these sites must correspond to the places within the natural range of such species which present the physical or biological factors essential to their life and reproduction.

(3) For aquatic species which range over wide areas, such sites are to be proposed only where there is a clearly identifiable area representing the physical and biological factors essential to their life and reproduction.

(4) The appropriate authority may propose modification of the list in the light of the results of the surveillance referred to in Article 11 of the Habitats Directive.

(5) The list, and any new site included in that list, must be transmitted to the European Commission together with information on each site including—
   (a) a map of the site,
   (b) its name, location and extent, and
   (c) the data resulting from application of the criteria specified in Annex III (Stage 1) to the Habitats Directive,

provided in a format established by the European Commission.

Designation of special areas of conservation

11.—(1) Once a site of Community importance in England or Wales has been adopted in accordance with the procedure laid down in Article 4(2) of the Habitats Directive, the appropriate authority must designate that site as a special area of conservation as soon as possible and no later than six years from the date of adoption of that site.

(2) The appropriate authority must establish priorities for the designation of sites in the light of—
   (a) the importance of the sites for the maintenance or restoration at a favourable conservation status of—
      (i) a natural habitat type specified in Annex I to the Habitats Directive, or
      (ii) a species specified in Annex II to the Habitats Directive,
   and for the coherence of Natura 2000; and
   (b) the threats of degradation or destruction to which the sites are exposed.

Consultation as to inclusion of site omitted from the list

12. If consultation is initiated by the European Commission in accordance with Article 5(1) of the Habitats Directive with respect to a site in England or Wales hosting a priority natural habitat type or priority species, and—
   (a) the appropriate authority and the European Commission agree, within the period of six months mentioned in Article 5(2) of the Habitats Directive, that the site should be selected as a site of Community importance, or
   (b) the European Council, acting on a proposal from the European Commission in pursuance of Article 5(2) of the Habitats Directive, decides that the site should be so selected in accordance with Article 5(3) of that Directive,

for the purposes of these Regulations the site is to be treated as having been placed on the list referred to in the third sub-paragraph of Article 4(2) of the Habitats Directive as from the date of the agreement referred to in paragraph (a) or the decision referred to in paragraph (b).
Register of European sites

(1) A register of European sites, in an appropriate format, must be compiled and maintained by—
   (a) the Secretary of State, in relation to European sites in England; and
   (b) the Welsh Ministers, in relation to European sites in Wales.
(2) The registers must include—
   (a) special areas of conservation, as soon as they are designated by the appropriate authority;
   (b) sites of Community importance as soon as they are placed on the list referred to in the third sub-paragraph of Article 4(2) of the Habitats Directive, until they are designated as special areas of conservation;
   (c) any site hosting a priority natural habitat type or priority species in respect of which consultation is initiated under Article 5(1) of the Habitats Directive, during the consultation period or pending a Council decision under Article 5(3);
   (d) areas classified pursuant to Article 4(1) or (2) of the old Wild Birds Directive or the new Wild Birds Directive, as soon as they are classified by the appropriate authority; and
   (e) any site which has been proposed to the European Commission under regulation 10 (selection of sites eligible for identification as of Community importance), until such time as paragraph (i) or (ii) of regulation 8(1)(e) applies.
(3) The appropriate authority, in relation to the register for which that authority is responsible—
   (a) may amend any entry;
   (b) must remove any entry relating to a site which is no longer a European site; and
   (c) must keep a copy available for public inspection at all reasonable hours and free of charge.
(4) An entry in the register in respect of a European site other than a European marine site is a local land charge.

Notification of changes to the register

(1) As soon as possible after including a European site in the register or amending an entry in the register, the appropriate authority must notify the appropriate nature conservation body and send to that body a copy of the new or amended entry.
(2) As soon as possible after removing an entry from the register, the appropriate authority must notify the appropriate nature conservation body.
(3) The nature conservation bodies must keep a copy of the register entries relating to European sites in their area available for public inspection at all reasonable hours and free of charge.

Notice to landowners and other bodies

(1) As soon as practicable after a nature conservation body receive notification under regulation 14 in relation to a European site, they must give notice to—
   (a) every owner or occupier of land within that site;
   (b) every local planning authority in whose area that site, or any part of it, is situated;
   (c) the Marine Management Organisation, if that site is a European marine site; and
   (d) such other persons as the appropriate authority may direct.
(2) Where, under paragraph (1), a nature conservation body give notice to a person (“P”) that a site has been included in the register, or that a register entry relating to a site has been amended, the nature conservation body must provide P with a copy of the register entry.

(3) In paragraph (2) the register entry a copy of which must be provided to P—

(a) in the case of notice given under paragraph (1)(a), is the register entry (or that part of an entry) which relates to the land owned or occupied by P; and

(b) in the case of notice given under paragraph (1)(b), is the register entry (or that part of an entry) which relates to the land within P’s area.

(4) The appropriate authority may give directions as to the form and content of notices under this regulation.

Management agreements

16.—(1) The appropriate nature conservation body may, for the purposes specified in paragraph (2), make an agreement (a “management agreement”) with a person who has an interest in—

(a) land which forms part of a European site, or

(b) land adjacent to such a site,

about the management or use of the land.

(2) A management agreement may be made for the purposes of the management, conservation, restoration or protection of the site, or any part of it.

(3) A management agreement may, in particular—

(a) impose on the person who has an interest in the land obligations in respect of the use of the land;

(b) impose on the person who has an interest in the land restrictions on the exercise of rights over the land;

(c) provide for the carrying out of such work as may be expedient for the purposes of the agreement by any person or persons;

(d) provide for any matter for which a management scheme relating to a site of special scientific interest provides (or could provide);

(e) provide for the making of payments by either party to the other party or to any other person;

(f) contain incidental and consequential provision.

(4) A management agreement is, unless the agreement otherwise provides—

(a) binding on persons deriving title under or from the person with whom the appropriate nature conservation body make the agreement; and

(b) enforceable by the appropriate nature conservation body against those persons.

(5) Paragraphs 1 to 3 of Schedule 2 to the Forestry Act 1967(52) (which makes provision for certain persons to enter into forestry dedication covenants) apply to management agreements as they apply to forestry dedication covenants.

(6) In this regulation—

(52) 1967 c. 10; paragraphs 1 to 3 of Schedule 2 were amended by the Endowments and Glebe Measure 1976 (1976 No. 4), Schedule 7; the Trusts of Land and Appointment of Trustees Act 1996 (c. 47), Schedule 4; and the Church of England (Miscellaneous Provisions) Measure 2006 (2006 No. 1), paragraph 14 of Schedule 5.
(a) “interest in land” has the same meaning as in the 1949 Act; and
(b) “management scheme” and “site of special scientific interest” have the same meaning as
in Part 2 (nature conservation, countryside and national parks) of the WCA 1981.

Existing agreements

17.—(1) For the purposes of these Regulations, any agreement made before 1st April 2010 in relation to land in England or Wales which on or after that date becomes land within a European site, or adjacent to such a site, being an agreement made under—

(a) section 16 of the 1949 Act\(^{(53)}\) (agreements for management of nature reserves),
(b) section 15 of the Countryside Act 1968\(^{(54)}\) (areas of special scientific interest), or
(c) section 7 of the Natural Environment and Rural Communities Act 2006\(^{(55)}\) (management agreements),

has effect upon the designation of the site as if it were a management agreement entered into by Natural England or the Countryside Council for Wales (as the case may be) under regulation 16.

(2) Any other thing done or deemed to have been done under—

(a) any provision of Part 3 (nature conservation) of the 1949 Act, or under Part 6 (general, financial and supplementary) of that Act so far as it applies for the purposes of Part 3, or
(b) section 15 of the Countryside Act 1968,

in respect of any land prior to that land becoming land within a European site, or adjacent to such a site, continues to have effect as if done under the corresponding provision of these Regulations.

(3) Any reference in a relevant enactment to a nature reserve within the meaning of section 15\(^{(56)}\) (meaning of “nature reserve”) of the 1949 Act is to be construed as including a reference to a European site, and in this paragraph “a relevant enactment” means an enactment not contained in, or in an instrument made under, the 1949 Act or the WCA 1981.

Certain payments under management agreements

18.—(1) This regulation applies where the appropriate nature conservation body offer to enter into a management agreement providing for the making of payments by them to—

(a) a person who has given notice under paragraph (1)(a) of regulation 20 (restriction on carrying out operations specified in notification) or paragraph (5)(a)(ii) or (b) of regulation 26 (restriction on carrying out operations specified in order); or
(b) a person whose application for a farm capital grant within the meaning of regulation 24 has been refused in consequence of an objection by that body.

(2) Subject to paragraph (3), such payments must be of such amounts as may be determined by the appropriate nature conservation body in accordance with guidance given by the appropriate authority.

(3) If the person with whom the agreement is to be made so requires within one month of receiving the offer, the determination of those amounts must be referred to an arbitrator to be appointed, in default of agreement, by the appropriate authority.

\(^{(56)}\) Section 15 was substituted by the Natural Environment and Rural Communities Act 2006 (c. 16), paragraph 12 of Schedule 11.
(4) Where the amounts determined by the arbitrator exceed those determined by the appropriate nature conservation body, that body must—

(a) amend the offer so as to give effect to the arbitrator’s determination; or

(b) except in the case of an offer made to a person whose application for a farm capital grant has been refused in consequence of an objection by the appropriate nature conservation body, withdraw the offer.

**Control of potentially damaging operations**

**Notification of potentially damaging operations**

19.—(1) This regulation and regulations 20 to 22 apply where a notification is in force under section 28(57) of the WCA 1981 (sites of special scientific interest) in relation to land which is or forms part of a European site.

(2) The appropriate nature conservation body may, for the purpose of securing compliance with the requirements of the Habitats Directive, at any time amend the notification with respect to—

(a) the flora, fauna or geological or physiographical features by reason of which the land is of special interest; or

(b) any operations appearing to the appropriate nature conservation body to be likely to damage that flora or fauna or those features.

(3) The appropriate nature conservation body must give notice of any amendment to—

(a) every owner and occupier of land within the European site who in the opinion of that body may be affected by the amendment, and

(b) the local planning authority in whose area the land is situated,

and after service of a notice under sub-paragraph (a) the notification has effect in relation to such an owner or occupier in its amended form.

(4) Any local land charge relating to a notification by virtue of section 28(9) of the WCA 1981 must be varied in accordance with the amendment to that notification.

**Restriction on carrying out operations specified in notification**

20.—(1) While a notification under section 28(1) of the WCA 1981 is in force in relation to any land which is or forms part of a European site, the owner or occupier of that land must not carry out, or cause or permit to be carried out, on that land any operation specified in the notification unless—

(a) one of them has given the appropriate nature conservation body written notice of a proposal to carry out the operation, specifying its nature and where it is proposed to carry it out; and

(b) one of the conditions specified in paragraph (2) is fulfilled.

(2) The conditions are—

(a) that the operation is carried out with the written consent of the appropriate nature conservation body;

(b) that the operation is carried out in accordance with the terms of a management agreement;

(c) that four months have passed since the notice under paragraph (1)(a) was given.

(3) If before the end of the period of four months referred to in sub-paragraph (c) of paragraph (2) the relevant person agrees in writing with the appropriate nature conservation body that the condition

specified in that sub-paragraph does not apply in relation to the operation in question, as from the
date of the agreement paragraph (2) has effect in relation to the operation (as regards both the owner
and the occupier of the land in question) as if that sub-paragraph were omitted.

(4) If, after such an agreement has been made, the relevant person (whether a party to the
agreement or not) gives written notice to the appropriate nature conservation body that that person
wishes to terminate the agreement, paragraph (2) has effect in relation to the operation in question
(as regards both the owner and the occupier of the land in question) as if sub-paragraph (c) specified
a period of one month from the giving of that notice, or any longer period specified in that notice.

(5) A person who, without reasonable excuse, contravenes paragraph (1) commits an offence and
is liable on summary conviction to a fine not exceeding level 4 on the standard scale.

(6) For the purposes of paragraph (5) it is a reasonable excuse for a person to carry out an
operation if—

(a) the operation was an emergency operation particulars of which (including details of
the emergency) were notified to the appropriate nature conservation body as soon as
practicable after the commencement of the operation; or

(b) the operation was authorised by a planning permission granted on an application under
Part 3 (control over development) of the TCPA 1990.

(7) The appropriate nature conservation body may take such steps as may be necessary for the
purpose of enforcing this regulation.

(8) Proceedings for an offence under this regulation must not, without the consent of the Director
of Public Prosecutions, be taken by a person other than the appropriate nature conservation body.

(9) In paragraphs (3) and (4) “the relevant person”—

(a) in a case where the notice under paragraph (1)(a) was given by the owner of the land in
question, means the owner of that land;

(b) in a case where that notice was given by the occupier of that land, means the occupier
of that land.

Assessment of implications for European sites

21.—(1) Where it appears to the appropriate nature conservation body that an application for
consent under regulation 20(2)(a) relates to an operation which is or forms part of a plan or project
which—

(a) is likely to have a significant effect on a European site (either alone or in combination with
other plans or projects), and

(b) is not directly connected with or necessary to the management of that site,
y they must make an appropriate assessment of the implications for that site in view of that site’s
conservation objectives.

(2) In the light of the conclusions of the assessment, they may give consent for the operation only
after having ascertained that the plan or project will not adversely affect the integrity of the site.

(3) This regulation does not apply in relation to a site which is a European site by reason of
regulation 8(1)(c) (site protected in accordance with Article 5(4) of the Habitats Directive).

Notification of appropriate authority in case of risk

22.—(1) Where the appropriate nature conservation body have not given consent for an operation,
but they consider that there is a risk that the operation may nevertheless be carried out, they must
notify the appropriate authority.
(2) Such notification must be given at least one month before the end of the period mentioned in regulation 20(2)(c).

Existing notices and consents

23.—(1) Any notice previously given under subsection (1)(a) of section 28E(58) (duties in relation to sites of special scientific interest) of the WCA 1981, or any consent previously given under section 28E(3)(a) of that Act, in relation to land which on or after 1st April 2010 becomes land within a European site, has effect, subject as follows, as if given under regulation 20(1)(a) or (2)(a), respectively.

(2) The appropriate nature conservation body must review any such consent as regards its compatibility with the conservation objectives of the site, and may modify or withdraw it.

(3) Notice of any such modification or withdrawal of consent must be given to every owner and occupier of land within the site who in the opinion of the appropriate nature conservation body may be affected by it; and after such notice has been given, the consent has effect in relation to an owner or occupier as so modified or withdrawn.

(4) The modification or withdrawal of a consent does not affect anything done in reliance on the consent before the modification or withdrawal takes effect.

(5) Where or to the extent that an operation ceases to be authorised by a consent by reason of the consent being modified or withdrawn, the period after which in accordance with regulation 20(2)(c) the operation may be carried out in the absence of consent is four months from the giving of notice of the modification or withdrawal under paragraph (3).

(6) Regulation 22 (notification of appropriate authority in case of risk) applies in such a case, with the following modifications—

(a) for the reference to consent not having been given substitute a reference to consent being modified or withdrawn; and

(b) for the reference to the period specified in regulation 20(2)(c) substitute a reference to the period specified in paragraph (5).

Farm capital grants

24.—(1) Where an application for a farm capital grant is made as respects expenditure incurred or to be incurred for the purpose of activities on land within a European site, the appropriate authority—

(a) must, so far as may be consistent with the purposes of the grant provisions, exercise their functions so as to further the conservation of the flora, fauna, or geological or physiographical features by reason of which the land is a European site; and

(b) where the appropriate nature conservation body have objected to the making of the grant on the ground that the activities in question have destroyed or damaged or will destroy or damage that flora or fauna or those features, must not make the grant except after considering the objection.

(2) Where in consequence of an objection by the appropriate nature conservation body, an application for a grant as respects expenditure to be incurred is refused on the ground that the activities in question will have such an effect as is mentioned in paragraph (1)(b), the appropriate nature conservation body must, within three months of their receiving notice of the appropriate authority’s decision, offer to enter into a management agreement—

(a) imposing restrictions as respects those activities, and

(58) Section 28E was inserted by the Countryside and Rights of Way Act 2000 (c. 37), paragraph 1 of Schedule 9, and amended by the Natural Environment and Rural Communities Act 2006 (c. 16), paragraphs 79 and 80 of Schedule 11.
(b) providing for the making by them of payments to the applicant, in the terms of a draft submitted to the applicant.

(3) In this regulation—

(a) “farm capital grant” means—

(i) a grant under a scheme made under section 29 of the Agriculture Act 1970(59) (farm capital grants), or

(ii) a grant under regulations made under section 2(2) of the European Communities Act 1972(60) to a person carrying on an agricultural business within the meaning of those regulations in respect of expenditure incurred or to be incurred for the purposes of or in connection with that business, being expenditure of a capital nature or incurred in connection with expenditure of a capital nature; and

(b) “grant provisions” means—

(i) in the case of a grant of a kind described in sub-paragraph (a)(i), the scheme under which the grant is made and section 29 of the Agriculture Act 1970, and

(ii) in the case of a grant of a kind described in sub-paragraph (a)(ii), the regulations under which the grant is made and the EU instrument in pursuance of which the regulations were made.

Special nature conservation orders

Power to make special nature conservation order

25.—(1) The appropriate authority may, after consultation with the appropriate nature conservation body, make in respect of any land within a European site an order (a “special nature conservation order”) specifying operations (whether on land specified in that order or elsewhere and whether or not within the European site) which appear to the appropriate authority to be of a kind which, if carried out in certain circumstances or in a particular manner, would be likely to destroy or damage the flora, fauna, or geological or physiographical features by reason of which the land is a European site.

(2) A special nature conservation order may be amended or revoked by a further order.

(3) Schedule 1 has effect with respect to the making, confirmation and coming into operation of special nature conservation orders and amending or revoking orders.

(4) A special nature conservation order specifying operations on land is a local land charge.

(5) If an order under paragraph (1) specifies any operation of a kind not carried out, or proposed to be carried out, on land within a European site, the order must specify the operation by reference to the place where it is being, or is proposed to be, carried out.

Restriction on carrying out operations specified in order

26.—(1) In respect of any land within a European site in respect of which a special nature conservation order is made, the appropriate authority may serve a notice (a “stop notice”) on any person carrying out, or proposing to carry out, any operation of a kind specified in that order which appears to the appropriate authority to be likely to destroy or damage the flora, fauna, or geological or physiographical features by reason of which the land is a European site.

(2) The stop notice must specify—

---

(59) 1970 c. 40; section 29 was amended by the Agriculture (Miscellaneous Provisions) Act 1976 (c. 55), section 15; the Criminal Justice Act 1982 (c. 48), sections 37, 38 and 46; and the Statute Law (Repeals) Act 1986 (c. 12).

(60) 1972 c. 68.
(a) details of the operation;
(b) details of the European site to which the notice relates; and
(c) the date on which the notice takes effect.

(3) Where the identity of a person carrying out, or proposing to carry out, the operation is not reasonably ascertainable, the appropriate authority may, instead of serving a stop notice, publish a notice in at least one local newspaper circulating in the area in which the land to which the notice relates is situated, and affix a copy or copies of the notice to some conspicuous object or objects on the land to which the notice relates.

(4) A person on whom a stop notice is served must not carry out on any land within a European site in respect of which a special nature conservation order is in force, or in the place by reference to which the operation is specified, any operation specified in the order, unless the notice condition specified in paragraph (5) and the consent condition specified in paragraph (6) are fulfilled.

(5) The notice condition is—

(a) where the operation is carried out on land, that—

(i) the operation is carried out, or caused or permitted to be carried out, by the owner or occupier of the land, and

(ii) after service of the stop notice, one of them has given the appropriate nature conservation body written notice of a proposal to carry out the operation, specifying its nature and where it is proposed to carry it out; and

(b) in any other case, that after service of the stop notice, the person proposing to carry out the operation has given the appropriate nature conservation body written notice of a proposal to carry out the operation, specifying its nature and where it is proposed to carry it out.

(6) The consent condition is—

(a) that the operation is carried out with the written consent of the appropriate nature conservation body; or

(b) that the operation is carried out in accordance with the terms of a management agreement.

(7) A consent under paragraph (6)(a) may be given—

(a) subject to conditions, and

(b) for a limited period,

specified in the consent.

(8) A person who, without reasonable excuse, contravenes paragraph (4) commits an offence and is liable—

(a) on summary conviction, to a fine not exceeding the statutory maximum;

(b) on conviction on indictment, to a fine.

(9) For the purposes of paragraph (8) it is a reasonable excuse for a person to carry out an operation if—

(a) the operation was an emergency operation particulars of which (including details of the emergency) were notified to the appropriate nature conservation body as soon as practicable after the commencement of the operation; or

(b) the operation was authorised by a planning permission granted on an application under Part 3 (control over development) of the TCPA 1990.

(10) For the purposes of this regulation and regulations 27 and 28—

(a) a “stop notice” means a notice served under paragraph (1);
(b) references to the service of a stop notice are taken to mean (in an appropriate case) the publication and affixing of a notice under paragraph (3); and
(c) where a notice is published and affixed under paragraph (3), any person carrying out an operation specified in the notice is taken to be a person on whom a stop notice is served.

Assessment of implications for European sites after service of stop notice

27.—(1) Where it appears to the appropriate nature conservation body that an application for consent under regulation 26(6)(a) relates to an operation which is or forms part of a plan or project which—
(a) is likely to have a significant effect on a European site (either alone or in combination with other plans or projects), and
(b) is not directly connected with or necessary to the management of that site,
they must make an appropriate assessment of the implications for that site in view of that site’s conservation objectives.

(2) In the light of the conclusions of the assessment, they may give consent for the operation only after having ascertained that the plan or project will not adversely affect the integrity of the site.

(3) Where the appropriate nature conservation body refuse consent they must give reasons for their decision.

(4) A person on whom a stop notice is served may—
(a) within two months of receiving notice of the refusal of consent, or
(b) if no notice of a decision is received by that person within three months of an application for consent being made,
by notice in writing to the appropriate nature conservation body require them to refer the matter as soon as possible to the appropriate authority.

(5) If, following a referral under paragraph (4), the appropriate authority are satisfied that, there being no alternative solutions, the plan or project must be carried out for imperative reasons of overriding public interest (which, subject to paragraph (6), may be of a social or economic nature), the appropriate authority may direct the appropriate nature conservation body to give consent to the operation.

(6) Where the site concerned hosts a priority natural habitat type or a priority species, the reasons referred to in paragraph (5) must be either—
(a) reasons relating to human health, public safety or beneficial consequences of primary importance to the environment; or
(b) any other reasons which the appropriate authority, having due regard to the opinion of the European Commission, consider to be imperative reasons of overriding public interest.

(7) Where the appropriate authority direct the appropriate nature conservation body to give consent under paragraph (5), the appropriate authority must secure that such compensatory measures are taken as are necessary to ensure that the overall coherence of Natura 2000 is protected.

(8) This regulation does not apply in relation to a site which is a European site by reason of regulation 8(1)(c) (site protected in accordance with Article 5(4) of the Habitats Directive).

Compensation for effect of stop notice

28.—(1) Where the appropriate authority have served a stop notice on any person, the appropriate nature conservation body must pay compensation to any person who—
(a) at the time at which the notice is served has an interest in affected relevant land; and
(b) on a claim duly made to the appropriate nature conservation body, shows that the value of that interest is less than it would have been if the notice had not been served.

(2) No claim for compensation may be made in respect of an order unless the appropriate authority have given notice of the decision in respect of that order under paragraph 6(1) or (2) of Schedule 1 (special nature conservation orders: procedure).

(3) The amount of the compensation payable is the difference between the value of the interest and what that value would have been had a stop notice not been served.

(4) For this purpose—

(a) an interest in land is to be valued at the time when the stop notice is served; and

(b) where a person, by reason of having more than one interest in affected relevant land, makes more than one claim in respect of the same restriction having effect by virtue of a stop notice being served, the various interests in respect of which that person claims compensation are to be valued together.

(6) For the purposes of assessing compensation under this regulation, the rules set out in section 5 of the Land Compensation Act 1961(62) (rules for assessing compensation on a compulsory acquisition) have effect, so far as applicable and subject to any necessary modifications, as they have effect for the purpose of assessing compensation for the compulsory acquisition of an interest in land.

(7) Interest is payable in relation to compensation, at the rate for the time being prescribed under section 32 of the Land Compensation Act 1961 (rate of interest after entry on land), from the date of the claim until payment.

(8) In the case of any dispute as to compensation—

(a) the Upper Tribunal has the function of determining the dispute; and

(b) section 4(63) of the Land Compensation Act 1961 (costs) applies in relation to the determination, subject to any necessary modifications.

(9) In this regulation—

(a) “affected relevant land” means land which forms part of an agricultural unit which comprises land to which the stop notice relates; and

(b) “agricultural unit” means land which is occupied by a person as a unit for agricultural purposes, including any dwelling or other building occupied by that person for the purpose of farming the land.

Restoration orders

29.—(1) Where a person (“P”) is convicted of an offence under regulation 26 (restriction on carrying out operations specified in order), the court may, in addition to dealing with P in any other way, make an order (a “restoration order”) requiring P to carry out, within such period as may be specified in the order, such operations for the purpose of restoring the land to its former condition as may be so specified.

(62) 1961 c. 33; section 5 was amended by the Planning and Compensation Act 1991 (c. 34), paragraph 1 of Schedule 15 and Part 3 of Schedule 19, and by S.I. 2009/1307.

(63) Section 4 was amended by S.I. 2009/1307.
(2) A restoration order made on conviction on indictment is to be treated for the purposes of section 30 of the Criminal Appeal Act 1968 (restitution of property) as an order for the restitution of property.

(3) In the case of a restoration order made by a magistrates’ court, the period specified in the order does not begin to run—

(a) in any case until the end of the period for the time being prescribed by law for the giving of notice of appeal against a decision of a magistrates’ court; and

(b) where notice of appeal is given within the period so prescribed, until determination of the appeal.

(4) At any time before a restoration order has been fully complied with, the court may, on the application of the person subject to the order, discharge or vary the order if it appears to the court that a change in circumstances has made compliance with the order impracticable or unnecessary.

(5) A person who fails without reasonable excuse to comply with a restoration order commits an offence and is liable on summary conviction to a fine not exceeding level 5 on the standard scale.

(6) A person who continues to fail to comply with a restoration order, following conviction under paragraph (5), may be proceeded against for a further offence from time to time until the order is complied with.

(7) If, within the period specified in a restoration order, any operations specified in the order have not been carried out, the appropriate nature conservation body may enter the land and carry out those operations and recover from the person subject to the order any expenses reasonably incurred by them in doing so.

**Byelaws**

**Power to make byelaws**

30.—(1) The appropriate nature conservation body may make byelaws for the protection of a European site under section 20 of the 1949 Act (byelaws for protection of nature reserves).

(2) Such byelaws may, in particular, make the kinds of provision mentioned in this regulation, subject to regulation 31(1).

(3) Byelaws may—

(a) provide for prohibiting or restricting the entry into, or movement within, the site of persons, vehicles, boats or animals;

(b) prohibit or restrict the killing, taking, molesting or disturbance of living creatures of any description in the site, the taking, destruction or disturbance of eggs of any such creature, the taking of, or interference with, vegetation of any description in the site, or the doing of anything in the site which will interfere with the soil or damage any object in the site;

(c) contain provisions prohibiting the depositing of rubbish and the leaving of litter in the site; and

(d) prohibit or restrict, or provide for prohibiting or restricting, the lighting of fires in the site or the doing of anything likely to cause a fire in the site.

(4) Byelaws may prohibit or restrict any activity referred to in paragraph (3) within such area surrounding or adjoining the site as appears to the appropriate nature conservation body necessary for the protection of the site.

(5) Byelaws may provide for the issue, on such terms and subject to such conditions as may be specified in the byelaws, of permits authorising—

(a) entry into the site or any such surrounding or adjoining area as is mentioned in paragraph (4), or

(b) the doing of anything within the site, or any such surrounding or adjoining area, where such entry, or doing that thing, would otherwise be unlawful under the byelaws.

(6) Byelaws may be made so as to relate either to the whole or to any part of the European site, or of any such surrounding or adjoining area as is mentioned in paragraph (4), and may make different provision for different parts of the site.

(7) This regulation does not apply in relation to a European marine site (but see regulation 38 (European marine sites: byelaws and orders)).

Byelaws: supplementary provisions

31.—(1) Relevant byelaws must not interfere with—

(a) the exercise by any person of a right vested in that person as owner, lessee or occupier of land in the European site, or in any such surrounding or adjoining area as is mentioned in regulation 30(4);

(b) the exercise of any public right of way;

(c) the exercise of any functions of statutory undertakers;

(d) the exercise of any functions of an internal drainage board(66) or the Commissioners appointed under the Tweed Fisheries Act 1969(67); or

(2) Sections 236 to 238 of the Local Government Act 1972(68) (procedure, etc., for byelaws; offences against byelaws; evidence of byelaws) apply to all relevant byelaws as if the appropriate nature conservation body were a local authority within the meaning of that Act.

(3) In relation to relevant byelaws, the confirming authority for the purposes of section 236(69) of the Local Government Act 1972 is the appropriate authority.

(4) The appropriate nature conservation body may take such steps as may be necessary for the purpose of enforcing byelaws made by them.

(5) In this regulation and in regulations 32 and 33, “relevant byelaws” means byelaws under section 20 of the 1949 Act as it applies by virtue of regulation 30.

Compensation for effect of byelaws

32.—(1) Where the exercise of any right vested in a person (“P”), whether by reason of P’s being entitled to any interest in land or by virtue of a licence or agreement, is prevented or hindered by the coming into operation of relevant byelaws, P is entitled to receive compensation from the appropriate nature conservation body.

(2) Any dispute arising on a claim for any such compensation is to be determined by the Upper Tribunal.

(3) For the purposes of any such reference to the Upper Tribunal, section 4 of the Land Compensation Act 1961(70) (costs) has effect with the substitution for references to the acquiring authority of references to the authority from whom the compensation in question is claimed.

(4) Rules (2) to (4) of the Rules set out in section 5(71) of that Act (rules for assessing compensation on a compulsory acquisition) apply to the calculation of any such compensation, in so far as it is calculated by reference to the depreciation of the value of an interest in land.

(5) In the case of an interest in land subject to a mortgage—

(a) any such compensation in respect of the depreciation of that interest is to be calculated as if the interest were not subject to the mortgage;

(b) a claim or application for the payment of any such compensation may be made by any person who when the byelaws giving rise to the compensation were made was the mortgagee of the interest, or by any person claiming under such a person, but without prejudice to the making of a claim or application by any other person;

(c) subject to sub-paragraph (d), a mortgagee is not entitled to any such compensation in respect of that mortgagee’s interest as such; and

(d) any compensation payable in respect of the interest subject to the mortgage must be paid to the mortgagee or, where there is more than one mortgagee, to the first mortgagee, and must in either case be applied by the mortgagee as if it were proceeds of sale.

Continuation in force of existing byelaws

33. Any byelaws in force under section 20 of the 1949 Act in relation to land which on or after 1st April 2010 becomes land within a European site, or adjacent to such a site—

(a) have effect as if they are relevant byelaws; and

(b) are to be construed as if originally made as such byelaws.

Powers of compulsory acquisition

Powers of compulsory acquisition

34.—(1) Where the appropriate nature conservation body are satisfied—

(a) that they are unable, as respects any interest in land within a European site, to conclude a management agreement on terms appearing to them to be reasonable, or

(b) where they have entered into a management agreement as respects such an interest, that a breach of the agreement has occurred which prevents or impairs the satisfactory management of the European site,

they may acquire that interest compulsorily.

(70) 1961 c. 33; section 4 was amended by S.I. 2009/1307.

(71) Section 5 was amended by the Planning and Compensation Act 1991 (c. 34), paragraph 1 of Schedule 15 and Part 3 of Schedule 19, and by S.I. 2009/1307.
(2) Such a breach as is mentioned in paragraph (1)(b) is not to be treated as having occurred by virtue of any act or omission capable of remedy unless there has been default in remedying it within a reasonable time after notice given by the appropriate nature conservation body requiring that act or omission to be remedied.

(3) Any dispute arising as to whether there has been such a breach of a management agreement is to be determined by an arbitrator appointed by the Lord Chancellor.

(4) The power of compulsory acquisition conferred by paragraph (1) on the appropriate nature conservation body may be exercised in any particular case only after authorisation by the appropriate authority.

(5) In relation to any acquisition of land under this regulation, the Acquisition of Land Act 1981(72) applies; and in relation to any such acquisition of any interest in land, the Compulsory Purchase Act 1965(73) applies.

(6) In this regulation—

(a) “land” includes any interest in land; and

(b) an “interest”, in relation to land, includes any estate in land and any right over land, whether the right is exercisable by virtue of the ownership of an interest in land or by virtue of a licence or agreement, and in particular includes sporting rights.

European marine sites

Marking of site and advice by nature conservation bodies

35.—(1) The appropriate nature conservation body may install markers indicating the existence and extent of a European marine site.

(2) This power is exercisable subject to the obtaining of any necessary consent under section 34 of the Coast Protection Act 1949(74) (restriction of works detrimental to navigation).

(3) As soon as possible after a site becomes a European marine site, the appropriate nature conservation body must advise other relevant authorities as to—

(a) the conservation objectives for that site; and

(b) any operations which may cause deterioration of natural habitats or the habitats of species, or disturbance of species, for which the site has been designated.

Management scheme for European marine site

36.—(1) The relevant authorities, or any of them, may establish for a European marine site a management scheme under which their functions (including any power to make byelaws) are to be exercised so as to secure in relation to that site compliance with the requirements of the Habitats Directive.

(2) Only one management scheme may be made for each European marine site.

(3) A management scheme may be amended from time to time.

(4) As soon as a management scheme has been established, or is amended, a copy of it must be sent by the relevant authority or authorities concerned to the appropriate nature conservation body.

(72) 1981 c. 67.

37.—(1) The appropriate authority may give directions to the relevant authorities, or any of them, as to the establishment of a management scheme for a European marine site.

(2) Directions may, in particular—

(a) require conservation measures specified in the direction to be included in the scheme;
(b) appoint one of the relevant authorities to co-ordinate the establishment of the scheme;
(c) set time limits within which any steps are to be taken;
(d) provide that the approval of the appropriate authority is required before the scheme is established; and
(e) require any relevant authority to supply to the appropriate authority such information concerning the establishment of the scheme as may be specified in the direction.

(3) The appropriate authority may give directions to the relevant authorities, or any of them, as to the amendment of a management scheme for a European marine site, either generally or in any particular respect.

(4) Any direction under this regulation must be in writing and may be varied or revoked by a further direction.

European marine sites: byelaws and orders

(2) The Welsh Ministers may make orders for the protection of a European marine site in Wales under section 134 of that Act (orders for protection of marine conservation zones in Wales).

(3) The provisions of Chapter 1 (marine conservation zones) of Part 5 of that Act relating to byelaws under section 129 or orders under section 134 apply, with the modifications described in paragraph (4), in relation to byelaws made by virtue of paragraph (1) or (as the case may be) orders made by virtue of paragraph (2).

(4) The modifications are—

(a) any reference to an MCZ is to be read as a reference to a European marine site;
(b) in sections 129(1) and 134(1), the reference to furthering the conservation objectives stated for an MCZ is to be read as a reference to protecting a European marine site;
(c) the reference in section 129(3)(c) to hindering the conservation objectives stated for an MCZ is to be read as a reference to damaging a European marine site.

(5) Nothing in byelaws or orders made by virtue of this regulation may interfere with the exercise of any functions of a relevant authority, any functions conferred by or under an enactment (whenever passed) or any right of any person (whenever vested).

Nature conservation policy in planning contexts

Nature conservation policy in planning contexts

39.—(1) For the purposes of—

(a) subsection (3) of section 17(75) (local development documents) of the Planning and Compulsory Purchase Act 2004(76),

(75) Section 17(3) was amended by the Planning Act 2008 (c. 29), section 180(3)(b).
(b) subsection (2)(b) of section 62 (local development plan) of that Act, and
(c) subsection (2)(b) of section 70 (regional strategy) of the Local Democracy, Economic Development and Construction Act 2009(77),
policies relating to the development and use of land are to be taken to include policies encouraging
the management of features of the landscape which are of major importance for wild fauna and flora.

(2) For the purposes of—
(a) subsection (3A) of section 12(78) (preparation of unitary development plan) of the TCPA
1990;
(b) subsection (3) of section 31(79) (structure plans: continuity, form and content) of that Act; and
(c) subsection (3) of section 36(80) (local plans) of that Act,
policies in respect of the conservation of the natural beauty and amenity of the land are to be taken
to include policies encouraging the management of features of the landscape which are of major
importance for wild fauna and flora.

(3) The features of the landscape referred to in paragraphs (1) and (2) are those which, by virtue
of their linear and continuous structure (such as rivers with their banks or the traditional systems of
marking field boundaries) or their function as “stepping stones” (such as ponds or small woods), are
essential for the migration, dispersal and genetic exchange of wild species.

(4) Where the Secretary of State considers it necessary, the Secretary of State must include
in a national policy statement under Part 2 (national policy statements) of the Planning Act
2008(81) policy that encourages the management of such features of the landscape (as mentioned in
paragraph (3)) which are of major importance for wild fauna and flora.

PART 3
PROTECTION OF SPECIES

Protection of animals

European protected species of animals

40.—(1) Schedule 2 (European protected species of animals) lists those species of animals listed
in Annex IV(a) to the Habitats Directive which have a natural range which includes any area in
Great Britain.

(2) References in this Part to a “European protected species” of animal are to any of those species.

TCPA 1990 (which includes sections 12, 31 and 36) was repealed by the Planning and Compulsory Purchase Act 2004 (c. 5),
Schedule 9, subject to transitional provisions contained in Schedule 8 to that Act. In relation to Wales, transitional provisions
contained in article 4 of S.I. 2005/1229 (W. 87) (C. 56) have the effect that section 12 of the TCPA 1990 continues to apply
in relation to certain local planning authorities.

(a) to impair their ability—
   (i) to survive, to breed or reproduce, or to rear or nurture their young, or
   (ii) in the case of animals of a hibernating or migratory species, to hibernate or migrate; or
(b) to affect significantly the local distribution or abundance of the species to which they belong.

(3) It is an offence for any person—

(a) to be in possession of, or to control,

(b) anything derived from such an animal or any part of such an animal.

(5) Paragraphs (1) and (3) apply regardless of the stage of the life of the animal in question.

(6) Unless the contrary is shown, in any proceedings for an offence under paragraph (1) the animal in question is presumed to have been a wild animal.

(7) In any proceedings for an offence under paragraph (3), where it is alleged that an animal or a part of an animal was taken from the wild, it is presumed, unless the contrary is shown, that that animal or part of an animal was taken from the wild.

Protection of certain wild animals: defences

42.—(1) A person (“P”) is not guilty of the offence under regulation 41(1)(a) of deliberately capturing a wild animal of a European protected species, or an offence under regulation 41(3)(a) or (b), if P shows that the act in question—

(a) was in relation to an animal that had been disabled otherwise than by P’s unlawful act; and

(b) was done solely for one or both of the purposes of—

(i) tending it and releasing it when no longer disabled, or

(ii) releasing it after it had been tended.

(2) A person (“P”) is not guilty of an offence under regulation 41(1)(a) or 41(3)(a) or (b) if P shows that the act in question—

(a) was in relation to an animal that had been seriously disabled otherwise than by P’s unlawful act and that there was no reasonable chance of its recovering; and

(b) was done solely for one or both of the purposes of—

(i) ending the animal’s life, or

(ii) disposing of it (otherwise than by sale or exchange) as soon as practicable after it was dead.

(3) A person is not guilty of the offence under regulation 41(1)(a) of deliberately injuring a wild animal of a European protected species if that person shows that this was done solely—

(a) for the purpose of taking a sample by virtue of any of the sampling provisions; or

(a) investigating whether an offence specified in paragraph (11) is being or has been committed (wherever the offence was committed);

(b) bringing, conducting, or giving evidence in, any criminal proceedings in respect of any such offence; or

(c) giving effect to an order under any of the forfeiture provisions.

(5) Subject to paragraph (6), a person who shows that the animal or part of the animal in question, or the animal or part of the animal from which the thing in question is derived, was lawfully taken from the wild is not guilty of an offence under regulation 41(3).

(6) The defence in paragraph (5) does not apply—

(a) in respect of the offences in regulation 41(3)(a) and (b) if—

(i) the animal or part in question is an animal, or part of an animal, of a European protected species or of the species *Lacerta vivipara pannonica* (viviparous lizard) or *Lycaena dispar* (the large copper butterfly), or the thing in question is derived from such an animal, and

(ii) the animal, part or thing in question was in the defendant’s possession or control, or transported by the defendant, for the purpose of sale or exchange; or

(b) in respect of the offences in regulation 41(3)(c) and (d), if the animal or part in question is an animal, or part of an animal, of any of the species referred to in sub-paragraph (a)(i), or the thing in question is derived from such an animal.

(7) For the purposes of paragraph (5) an animal, or part of an animal, is treated as having been lawfully taken from the wild if—
(a) it was taken from the wild in the European territory of a member State, being territory to which the TFEU applies, without contravention of the law of that member State and before the implementation date; or

(b) it was taken from the wild elsewhere.

(8) A person is not guilty of an offence under regulation 41(3) if that person shows that the animal or part of the animal, or the animal from which the thing in question is derived—

(b) is of the species Capra aegagrus (wild goat) and was not from a naturally occurring population;

(c) is of the subspecies Ovis gmelini musimon (European mouflon) and was not from a naturally occurring population in Corsica or Sardinia; or

(d) is of the species Coregonus oxyrhynchus (houting) and either was from Finland or was not from an anadromous population.

(9) The defences in paragraphs (1) to (4) do not apply where it is shown by the prosecution that the defendant’s action did not satisfy the conditions in paragraph (10).

(10) Those conditions are that—

(a) there was no satisfactory alternative; and

(b) the action was not detrimental to the maintenance of the population of the species concerned at a favourable conservation status in their natural range.

(11) For the purposes of paragraphs (3)(b) and (4)(a) and (b), the specified offences are—

(a) an offence under section 9(82) (protection of certain wild animals), 11(83) (prohibition of certain methods of killing or taking wild animals) or 17(84) (false statements made for obtaining registration or licence etc.) of the WCA 1981, or an offence under section 18 of that Act (attempts to commit offences etc.) which relates to an offence under section 9 or 11;

names given in parentheses in paragraphs (6) and (8) are to be disregarded.

Prohibition of certain methods of capturing or killing wild animals

43.—(1) This regulation applies in relation to the capturing or killing of a wild animal—

(a) of any of the species listed in Schedule 4 (which lists those species listed in Annex V(a)
to the Habitats Directive, and to which Article 15 of that Directive applies, which have a
natural range which includes any area of Great Britain); or

(b) of a European protected species, where the capturing or killing of such animals is permitted
in accordance with these Regulations.

(2) It is an offence to use for the purpose of capturing or killing any such wild animal—

(a) any of the means listed in paragraph (3) or (4);

(b) any form of capturing or killing from the modes of transport listed in paragraph (5); or

(c) any other means of capturing or killing which is indiscriminate and capable of causing the
local disappearance of, or serious disturbance to, a population of any species of animal

PART 4
ADDITIONAL PROTECTION OF HABITATS
AND WILD ANIMALS AND PLANTS

Surveillance and monitoring

Surveillance of conservation status of habitats and species

48.—(1) The appropriate authority must make arrangements in accordance with paragraphs (4) to (6) for the surveillance of the conservation status of natural habitat types of Community interest and species of Community interest, and in particular priority natural habitat types and priority species.

(2) In respect of the arrangements made by the Secretary of State under paragraph (1), the Secretary of State must, from time to time—
   (a) consult the devolved administrations;
   (b) provide the devolved administrations with such information as the Secretary of State considers appropriate that has been derived from the surveillance which has been arranged; and
   (c) review those arrangements and, if appropriate, revise them.

   (a) consult the Secretary of State and the other devolved administrations;
   (b) provide the Secretary of State and the other devolved administrations with such information as the Welsh Ministers consider appropriate that has been derived from the surveillance which has been arranged; and
   (c) review those arrangements and, if appropriate, revise them.

(4) The appropriate nature conservation body must—
   (a) assess how and to what extent surveillance of the conservation status of each relevant habitat and species is to be carried out, having regard to—
      (i) whether a habitat or species is a priority natural habitat type or priority species, and
      (ii) the conservation status of the habitat or species; and
   (b) advise the appropriate authority as to the need for such surveillance.

Protection of certain animals and plants from exploitation

49.—(1) The appropriate authority must, as required in the light of information derived from surveillance arranged under regulation 48 or otherwise arranged for the purpose of Article 11 of the Habitats Directive, ensure that measures are taken for the purpose specified in paragraph (2).

(2) The purpose is to ensure that—

(a) the taking in the wild of specimens of a species listed in Annex V to the Habitats Directive, and

(b) the exploitation of such specimens,

are compatible with the maintenance of that species at a favourable conservation status.

(3) Where measures are required under paragraph (1), the appropriate authority must make arrangements for surveillance for the purpose of establishing whether the taking in the wild of specimens of the species concerned, and the exploitation of specimens of that species, are compatible with the maintenance of that species at a favourable conservation status.

Monitoring of incidental capture and killing

50.—(1) The appropriate authority must make arrangements in accordance with paragraphs (4) to (6) to establish a system to monitor the incidental capture or killing of animals of the species listed in Annex IV(a) to the Habitats Directive.

(2) In respect of the arrangements made by the Secretary of State under paragraph (1), the Secretary of State must, from time to time—

(4) The appropriate nature conservation body must, in relation to the species of animals listed in Annex IV(a) to the Habitats Directive which are found in England or Wales—

(a) identify the risks of incidental capture and killing to which those species are subject, and the activities which give rise to such risks;

(b) maintain a record of instances of incidental capture or killing of animals of those species of which the nature conservation body are aware as a result of the surveillance carried out under regulation 48 (surveillance of conservation status of habitats and species), the monitoring carried out under this regulation or otherwise;

(c) assess to what extent monitoring of incidental capture and killing is needed, having regard to—

(i) the risks identified under sub-paragraph (a),

(ii) the instances of incidental capture or killing recorded under sub-paragraph (b),

(iii) whether the species is a priority species, and
(iv) the conservation status of the species; and
(d) advise the appropriate authority as to the need for such monitoring.

(5) The appropriate authority must ensure that the necessary monitoring of incidental capture and killing is carried out.

(6) Monitoring for the purposes of this regulation may be carried out by—

Protection from incidental capture and killing

51.—(1) The appropriate authority, as required in the light of information derived from monitoring arranged under regulation 50 or otherwise arranged for the purpose of Article 12(4) of the Habitats Directive, must make arrangements for further research for, or ensure that conservation measures are taken for, the purpose specified in paragraph (2).

(2) The purpose is to ensure that any incidental capture or killing of animals of a species listed in Annex IV(a) to the Habitats Directive does not have a significant negative impact on that species.

Introduction of new species

Introduction of new species from ships

52.—(1) It is an offence for any person on board a ship in any relevant part of the marine area deliberately to introduce into that area, other than in accordance with paragraph (3), any live animal or plant of a kind having a natural range which does not include any area in Great Britain.

(2) For the purposes of paragraph (1), “relevant part” means any part where the introduction would give rise to a risk of prejudice to natural habitats within their natural range or a risk of prejudice to wild native flora or fauna (whether in the place of introduction or elsewhere).

(3) An introduction is in accordance with this paragraph if—
(a) it resulted from a discharge of water carried as ballast and the discharge was necessary for the purpose of protecting the safety of any person or ship; and
(b) all reasonably practicable steps were taken—
(i) to avoid its occurring in an area where it would give rise to a risk of prejudice to natural habitats within their natural range or a risk of prejudice to wild native flora or fauna (whether in the place of introduction or elsewhere), and
(ii) to minimise any risk of such prejudice.

(4) In any proceedings for an offence under this regulation, it is for the defendant to show that the introduction in question was in accordance with paragraph (3).

(5) The appropriate authority may issue guidance about steps which may be taken to avoid committing an offence under this regulation.

(6) In any proceedings for an offence under this regulation—

(b) that the action authorised will not be detrimental to the maintenance of the population of the species concerned at a favourable conservation status in their natural range.

(10) A licence under this regulation which authorises any person to kill wild animals must specify the area within which and the methods by which the wild animals may be killed and must not be granted for a period of more than two years.

(11) Where the appropriate authority exercise any functions under this regulation (see regulation 56(3)), the appropriate authority must from time to time consult the appropriate nature conservation body as to the exercise of those functions, and must not grant a licence of any description unless the appropriate nature conservation body have advised as to the circumstances in which, in their opinion, licences of that description should be granted.

(12) Where the Marine Management Organisation exercises any functions under this regulation (see regulation 56(2)(a)(i)), it must from time to time consult Natural England as to the exercise of those functions, and must not grant a licence of any description unless Natural England have advised as to the circumstances in which, in their opinion, licences of that description should be granted.

(13) It is a defence in proceedings for an offence under section 8(b) of the Protection of Animals Act 1911(93) (which restricts the placing on land of poison and poisonous substances) to show that—

(a) the act alleged to constitute the offence was done under and in accordance with the terms of a licence granted under this regulation; and

(b) any conditions specified in the licence were complied with.

(14) In paragraph (2) “livestock” includes any animal which is kept—

(a) for the provision of food, skins or fur;

(b) for the purpose of its use in the carrying on of any agricultural activity; or

(c) for the provision or improvement of shooting or fishing.

Licences for the introduction of new species

54.—(1) Subject to paragraph (3), the relevant licensing body may grant a licence in relation to the introduction of new species from ships.

(93) 1911 c. 27; a relevant amendment to section 8 was made by the Protection of Animals (Amendment) Act 1927 (c. 27), section 1.
(2) Regulation 52 (introduction of new species from ships) does not apply to anything done under and in accordance with the terms of a licence granted under paragraph (1).

(3) The relevant licensing body must not grant a licence under this regulation unless they are satisfied that the action authorised by the licence will not prejudice natural habitats within their natural range or wild native flora and fauna.

**Licences: general provisions**

**55.**—(1) This regulation applies in relation to a licence under regulation 53 or 54.

(2) A licence—

(a) may be, to any degree, general or specific;

(5) The relevant licensing body may charge for a licence such reasonable sum (if any) as they may determine.

**Relevant licensing body**

**56.**—(1) For the purposes of regulations 53, 54 and 55, “relevant licensing body” has the meaning given in this regulation.

(2) In the case of a licence granted under regulation 53(1) for a purpose specified in any of sub-paragraphs (a) to (d) of paragraph (2) of that regulation, “relevant licensing body” means—

(4) A person guilty of an offence under paragraph (1) is liable on summary conviction to imprisonment for a term not exceeding six months or to a fine not exceeding level 5 on the standard scale, or to both.

PART 6

ASSESSMENT OF PLANS AND PROJECTS

CHAPTER 1

GENERAL PROVISIONS

Introductory provisions

Interpretation of Part 6

59. In this Part—

(a) “the assessment provisions” means regulations 61 (assessment of implications for European sites and European offshore marine sites) and 62 (considerations of overriding public interest); and

(b) “the review provisions” means regulations 63 (review of existing decisions and consents) and 64 (consideration on review).

Application of provisions of Chapter 1

60.—(1) The requirements of—
(a) the assessment provisions, and
(b) the review provisions,
apply, subject to and in accordance with the provisions of Chapters 2 to 7, in relation to the matters specified in those provisions.

(2) Supplementary provision is made by regulations 65 to 67.

General provisions for protection of European sites and European offshore marine sites

Assessment of implications for European sites and European offshore marine sites

61.—(1) A competent authority, before deciding to undertake, or give any consent, permission or other authorisation for, a plan or project which—

(a) is likely to have a significant effect on a European site or a European offshore marine site (either alone or in combination with other plans or projects), and

(b) is not directly connected with or necessary to the management of that site,

must make an appropriate assessment of the implications for that site in view of that site’s conservation objectives.

(2) A person applying for any such consent, permission or other authorisation must provide such information as the competent authority may reasonably require for the purposes of the assessment or to enable them to determine whether an appropriate assessment is required.

(3) The competent authority must for the purposes of the assessment consult the appropriate nature conservation body and have regard to any representations made by that body within such reasonable time as the authority specify.

(4) They must also, if they consider it appropriate, take the opinion of the general public, and if they do so, they must take such steps for that purpose as they consider appropriate.

(5) In the light of the conclusions of the assessment, and subject to regulation 62 (considerations of overriding public interest), the competent authority may agree to the plan or project only after having ascertained that it will not adversely affect the integrity of the European site or the European offshore marine site (as the case may be).

(6) In considering whether a plan or project will adversely affect the integrity of the site, the authority must have regard to the manner in which it is proposed to be carried out or to any conditions or restrictions subject to which they propose that the consent, permission or other authorisation should be given.

(7) This regulation does not apply in relation to a site which is—

(a) a European site by reason of regulation 8(1)(c), or

(b) a European offshore marine site by reason of regulation 15(c) of the 2007 Regulations (site protected in accordance with Article 5(4) of the Habitats Directive).

(8) Where a plan or project requires an appropriate assessment both under this regulation and under the 2007 Regulations, the assessment required by this regulation need not identify those effects of the plan or project that are specifically attributable to that part of it that is to be carried out in Great Britain, provided that an assessment made for the purpose of this regulation and the 2007 Regulations assesses the effects of the plan or project as a whole.

Considerations of overriding public interest

62.—(1) If the competent authority are satisfied that, there being no alternative solutions, the plan or project must be carried out for imperative reasons of overriding public interest (which, subject
to paragraph (2), may be of a social or economic nature), they may agree to the plan or project notwithstanding a negative assessment of the implications for the European site or the European offshore marine site (as the case may be).

(2) Where the site concerned hosts a priority natural habitat type or a priority species, the reasons referred to in paragraph (1) must be either—

(a) reasons relating to human health, public safety or beneficial consequences of primary importance to the environment; or

(b) any other reasons which the competent authority, having due regard to the opinion of the European Commission, consider to be imperative reasons of overriding public interest.

(3) Where a competent authority other than the Secretary of State or the Welsh Ministers desire to obtain the opinion of the European Commission as to whether reasons are to be considered imperative reasons of overriding public interest, they may submit a written request to the appropriate authority—

(a) identifying the matter on which an opinion is sought; and

(b) accompanied by any documents or information which may be required.

(4) The appropriate authority—

(a) may seek the opinion of the European Commission concerning the plan or project; and

(b) where such an opinion is received, must send it to the competent authority.

(5) Where a competent authority other than the Secretary of State or the Welsh Ministers propose to agree to a plan or project under this regulation notwithstanding a negative assessment of the implications for the site concerned—

(a) they must notify the appropriate authority; and

(b) they must not agree to the plan or project before the end of the period of 21 days beginning with the day notified by the appropriate authority as that on which their notification was received, unless the appropriate authority notify them that they may do so.

(6) Without prejudice to any other power, the appropriate authority may give directions to the competent authority in any such case prohibiting them from agreeing to the plan or project, either indefinitely or during such period as may be specified in the direction.

Review of existing decisions and consents

63.—(1) Where before the date on which a site becomes a European site or a European offshore marine site a competent authority have decided to undertake, or have given any consent, permission or other authorisation for, a plan or project to which regulation 61(1) would apply if it were to be reconsidered as of that date, the authority must, as soon as reasonably practicable—

(a) review their decision or, as the case may be, the consent, permission or other authorisation; and

(b) affirm, modify or revoke it.

(2) They must for that purpose make an appropriate assessment of the implications for the site in view of that site’s conservation objectives; and the provisions of regulation 61(2) to (4) apply, with the appropriate modifications, in relation to such a review.

(3) Subject to the provisions of Chapters 2 to 7, any review required by this regulation must be carried out under existing statutory procedures where such procedures exist, and if none exists, the appropriate authority may give directions as to the procedure to be followed.

(4) Nothing in this regulation affects anything done in pursuance of the decision, or the consent, permission or other authorisation, before the date mentioned in paragraph (1).
Consideration on review

64.—(1) The following provisions apply where a decision, or a consent, permission or other authorisation, falls to be reviewed under regulation 63.

(2) Subject as follows, the provisions of regulations 61(5) and (6) and 62 apply, with the appropriate modifications, in relation to the decision on the review.

(3) The decision, or the consent, permission or other authorisation, may be affirmed if it appears to the competent authority reviewing it that other action taken or to be taken by them, or by another authority, will secure that the plan or project does not adversely affect the integrity of the site.

(4) Where that object may be attained in a number of ways, the competent authority or authorities concerned must seek to secure that the action taken is the least onerous to those affected.

(5) The appropriate authority may issue guidance to competent authorities for the purposes of paragraph (3) as to the manner of determining which of different ways should be adopted for securing that the plan or project does not have any such effect, and in particular—

(a) the order of application of different controls; and

(b) the extent to which account should be taken of the possible exercise of other powers.

(6) The competent authorities concerned must have regard to any such guidance.

(7) Any modification or revocation of a decision, or a consent, permission or other authorisation, must be carried out under existing statutory procedures where such procedures exist, and if none exists, the appropriate authority may give directions as to the procedure to be followed.

Co-ordination where more than one competent authority involved

65.—(1) This regulation applies where a plan or project—

(a) is undertaken by more than one competent authority;

(b) requires the consent, permission or other authorisation of more than one competent authority; or

(c) is undertaken by one or more competent authorities and requires the consent, permission or other authorisation of one or more other competent authorities.

(2) Nothing in regulation 61(1) or 63(2) requires a competent authority to assess any implications of a plan or project which would be more appropriately assessed under that provision by another competent authority.

(3) The appropriate authority may issue guidance to competent authorities for the purposes of regulations 61 to 64 as to the circumstances in which a competent authority may or should adopt the reasoning or conclusions of another competent authority as to whether a plan or project—

(a) is likely to have a significant effect on a European site or a European offshore marine site; or

(b) will adversely affect the integrity of a European site or a European offshore marine site.

(4) The competent authorities concerned must have regard to any such guidance.

(5) In determining whether a plan or project should be agreed to under regulation 62 (considerations of overriding public interest), a competent authority other than the Secretary of State or the Welsh Ministers must seek and have regard to the views of the other competent authority or authorities involved.

Compensatory measures

66. Where in accordance with regulation 62 (considerations of overriding public interest)—
(a) a plan or project is agreed to, notwithstanding a negative assessment of the implications for a European site or a European offshore marine site, or
(b) a decision, or a consent, permission or other authorisation, is affirmed on review, notwithstanding such an assessment,

the appropriate authority must secure that any necessary compensatory measures are taken to ensure that the overall coherence of Natura 2000 is protected.

**Modifications of regulations 61 to 66 in certain cases**

67.—(1) Where any provision of regulations 61 to 66 (a “general provision”) applies in relation to a provision specified in paragraph (2), that general provision applies with the following modifications—

(a) any reference to the Welsh Ministers is omitted; and
(b) for any reference to the appropriate authority, substitute a reference to the Secretary of State.

(2) The provisions specified for the purposes of paragraph (1) are—

(a) paragraphs (1)(e)(i) and (2) of regulation 68 (grant of planning permission) in so far as those provisions relate to a direction given by the Secretary of State under section 90(94) of the TCPA 1990 (development with government authorisation) that planning permission is deemed to be granted; and
(b) regulations 81 and 82 (development consent under Planning Act 2008(95)).

(3) Where a general provision applies in relation to a provision specified in paragraph (4), that general provision applies with the following modifications—

(a) any reference to a competent authority is taken to include the Scottish Ministers;
(b) for any reference to the Welsh Ministers, substitute a reference to the Scottish Ministers; and
(c) for any reference to the appropriate authority—

(i) in a case where the competent authority for the purposes of a provision specified in paragraph (4) are the Scottish Ministers, substitute a reference to the Scottish Ministers, and
(ii) in any other case, substitute a reference to the Secretary of State.

(4) The provisions specified for the purposes of paragraph (3) are—

(a) in regulation 68—

(i) paragraph (1)(e)(ii) and (iii) (deemed grant of planning permission under section 57(2) of the Town and Country Planning (Scotland) Act 1997(96) and section 5(1) of the Pipe-lines Act 1962(97)), and
(ii) paragraph (2) in so far as that paragraph relates to paragraph (1)(e)(ii) and (iii) of that regulation;
(b) Chapter 4 (electricity); and
(c) Chapter 5 (pipe-lines).

(94) Relevant amendments were made to section 90 by the Environment Act 1995 (c. 25), paragraph 32(4) of Schedule 10, and the Transport and Works Act 1992 (c. 42), section 16(1).

(97) 1962 c. 58; section 5(1) was amended by S.I. 1999/742, paragraph 2(3) of the Schedule.
(5) Where a general provision applies in relation to regulation 100 (marine works), and confers a function on the appropriate authority, that provision applies with the following modifications—

(a) in a case to which paragraph (6) applies, for any reference to the appropriate authority, substitute a reference to the Welsh Ministers; and

(b) in any other case, for any reference to the appropriate authority, substitute a reference to the Secretary of State.

(6) This paragraph applies where the function in question is exercisable in relation to—

(a) any application to the Welsh Ministers for an authorisation in respect of marine works;

(b) any application to any other authority for—

(i) an authorisation in respect of marine works, the refusal of which gives rise to a right of appeal to the Welsh Ministers,

(ii) an authorisation in respect of marine works in relation to which the Welsh Ministers exercise any power of direction or call-in,

(iii) an authorisation of a kind mentioned in regulation 100(6)(c)(iii) in respect of works which are to be carried out in relation to a fishery harbour in Wales; or

(c) the grant of any application of a kind mentioned in sub-paragraph (a) or (b).

(7) In paragraph (6)—

(a) “authorisation” means any licence, consent or other approval; and

(b) “marine works” has the same meaning as in regulation 100.

(ii) an order under paragraph 1 of Schedule 9(107) to that Act (order requiring discontinuance of mineral working), including an order made under that paragraph by virtue of paragraph 11 of that Schedule to that Act (powers in relation to orders under Schedule 9) which grants planning permission; or

(g) direct[ing under the following provisions that if an application is made for planning permission it must be granted—

(i) section 141(3) of that Act (action in relation to purchase notice), or

(2) Where the assessment provisions apply, the competent authority may, if they consider that any adverse effects of the plan or project on the integrity of a European site or a European offshore marine site would be avoided if the planning permission were subject to conditions or limitations, grant planning permission or, as the case may be, take action which results in planning permission being granted or deemed to be granted subject to those conditions or limitations.

(3) Where the assessment provisions apply, outline planning permission must not be granted unless the competent authority are satisfied (whether by reason of the conditions and limitations to which the outline planning permission is to be made subject, or otherwise) that no development likely adversely to affect the integrity of a European site or a European offshore marine site could be carried out under the permission, whether before or after obtaining approval of any reserved matters.

(4) In paragraph (3), “outline planning permission” and “reserved matters” have the same meanings as in section 92(109) of the TCPA 1990 (outline planning permission).

Planning permission: duty to review

69.—(1) Subject to the following provisions of this regulation, the review provisions apply to any planning permission or deemed planning permission, unless—

(a) the development to which it related has been completed;  
(b) it was granted subject to a condition as to the time within which the development to which it related was to be begun and that time has expired without the development having been begun; or  
(c) it was granted for a limited period and that period has expired.

(2) The review provisions do not apply to planning permission granted or deemed to have been granted—

(a) by a development order (but see regulations 73 to 78);  
(b) by virtue of the adoption of a simplified planning zone scheme or of alterations to such a scheme (but see regulation 79); or  
(c) by virtue of the taking effect of an order designating an enterprise zone under paragraph 5 of Schedule 32 to the Local Government, Planning and Land Act 1980\(^\text{(110)}\) (enterprise zones), or by virtue of the approval of a modified enterprise zone scheme (but see regulation 80).

(3) Planning permission deemed to be granted by virtue of—

(a) a direction under section 90(1) of the TCPA 1990 in respect of development for which an authorisation has been granted under section 1\(^\text{(111)}\) of the Pipe-lines Act 1962 (pipe-line construction authorisations),

(d) a direction under section 90(2) of the TCPA 1990 or section 57(2) of the Town and Country Planning (Scotland) Act 1997 (which relate to development for which a consent has been granted under section 36 or 37 of the Electricity Act 1989), or  
(e) a direction under section 90(2A) of the TCPA 1990 (which relates to development in pursuance of an order under section 1 or 3 of the Transport and Works Act 1992\(^\text{(113)}\) (orders as to railways, tramways or inland waterways)),

must be reviewed in accordance with Chapter 4 (electricity), Chapter 5 (pipe-lines) or Chapter 6 (transport and works) (as the case may be) in conjunction with the review of the underlying authorisation, consent or order.

(4) In the case of planning permission deemed to have been granted in any other case by a direction under section 90(1) of the TCPA 1990, the local planning authority must—

(a) identify any such permission which they consider falls to be reviewed under the review provisions, and

(b) refer the matter to the government department or person which made the direction, and the department or person must, if in agreement that the planning permission does fall to be so reviewed, review the direction in accordance with the review provisions.

(5) Except as otherwise expressly provided, the review provisions do not apply to planning permission granted or deemed to be granted by a public general Act of Parliament.

(6) Subject to paragraphs (3) and (4), where planning permission granted by the appropriate authority falls to be reviewed under the review provisions—

(a) it must be reviewed by the local planning authority; and

(b) the power conferred by section 97(114) of the TCPA 1990 (power to revoke or modify planning permission) is exercisable by that local planning authority as in relation to planning permission granted on an application under Part 3 of that Act (control over development).

(7) In a non-metropolitan county in England the function of reviewing any such planning permission is to be exercised by the district planning authority unless it relates to a county matter (within the meaning of paragraph 1 of Schedule 1(115) to the TCPA 1990), in which case it is exercisable by the county planning authority.

Planning permission: consideration on review

70.—(1) In reviewing any planning permission or deemed planning permission under the review provisions, the competent authority must—

(a) consider whether any adverse effects could be overcome by planning obligations under section 106(116) of the TCPA 1990 (planning obligations) being entered into; and

(b) if they consider that those effects could be so overcome, invite those concerned to enter into such obligations.

(2) So far as the adverse effects are not thus overcome, the authority must make such order as may be required under—

(a) section 97 of that Act (power to revoke or modify planning permission); or

(b) section 102(117) of or paragraph 1 of Schedule 9(118) to that Act (orders requiring discontinuance of use etc.).

(3) Where the authority ascertain that the carrying out or, as the case may be, the continuation of the development would adversely affect the integrity of a European site or a European offshore marine site, they nevertheless need not proceed under the review provisions if and so long as they consider that there is no likelihood of the development being carried out or continued.

Planning permission: effect of orders made on review

71.—(1) An order under section 97 of the TCPA 1990 made pursuant to regulation 69 (duty to review) takes effect upon the service of the notices required by section 98(2) of that Act (procedure for section 97 orders) or, where there is more than one such notice and those notices are served at different times, upon the service of the last such notice to be served.

---

(114) Section 97 was amended by the Planning and Compensation Act 1991 (c. 34), paragraph 4 of Schedule 1 and Part 1 of Schedule 19.

(115) Paragraph 1 of Schedule 1 was amended by the Planning and Compensation Act 1991 (c. 34), paragraph 13 of Schedule 1 and Part 1 of Schedule 19.

(2) Where the appropriate authority determine not to confirm such an order—

(a) the order ceases to have effect as from the time of that determination;
(b) the permission revoked or modified by the order thereafter has effect as if the order had never been made;
(c) any period specified in the permission for the taking of any action, being a period which had not expired prior to the date upon which the order took effect under paragraph (1), is extended by a period equal to that during which the order had effect; and
(d) there is substituted for any date specified in the permission as being a date by which any action should be taken ("the specified date"), not being a date falling prior to the date upon which the order took effect under paragraph (1), such later date as postpones the specified date by a period equal to that during which the order had effect.

(3) An order under section 102 of or paragraph 1 of Schedule 9 to the TCPA 1990 made pursuant to regulation 69, in so far as it requires the discontinuance of a use of land or imposes conditions upon the continuance of a use of land, takes effect upon the service of the notices required by section 103(3) (confirmation of section 102 orders) or, where there is more than one such notice and those notices are served at different times, upon the service of the last such notice to be served.

(4) Where the appropriate authority determine not to confirm any such order, the order ceases to have effect as from the time of that determination and the use which by the order was discontinued or upon which conditions were imposed—

(a) may thereafter be continued as if the order had never been made; and

(b) is to be treated for the purposes of the TCPA 1990 as if it had continued without interruption or modification throughout the period during which the order had effect.

(5) An order under section 97 of that Act made in pursuance of regulation 69 does not affect so much of the development authorised by the permission as was carried out prior to the order taking effect.

(6) An order under section 102 of or paragraph 1 of Schedule 9 to that Act made in pursuance of regulation 69 does not affect anything done prior to the site becoming a European site or European offshore marine site.

Planning permission: supplementary provisions as to compensation

72.—(1) Where the appropriate authority determine not to confirm an order under section 97 of the TCPA 1990 which has taken effect under regulation 71(1), any claim for compensation under section 107(119) of that Act (compensation where planning permission revoked or modified) is limited to any loss or damage directly attributable to the permission being suspended or temporarily modified for the duration of the period between the order so taking effect and the appropriate authority’s determination not to confirm the order.

(2) Where the appropriate authority determine not to confirm an order under section 102 of the TCPA 1990 (orders requiring discontinuance of use or alteration or removal of buildings or works) which has taken effect under regulation 71(3), any claim for compensation under section 115 of that Act (compensation in respect of orders under section 102) is limited to any loss or damage directly attributable to any right to continue a use of the land being, by virtue of the order, suspended or subject to conditions for the duration of the period between the order so taking effect and the appropriate authority’s determination not to confirm the order.

(3) Paragraph (4) applies where—

(a) compensation is payable in respect of—

(119) Section 107 was amended by the Planning and Compensation Act 1991 (c. 34), paragraph 8 of Schedule 1 and paragraph 13 of Schedule 6.
(i) an order under section 97 of the TCPA 1990, or
(ii) any order mentioned in section 115(1) of that Act or to which that section applies
    by virtue of section 115(5); and

(b) the order has been made pursuant to regulation 63 (review of existing decisions and
    consents).

(4) Where this paragraph applies, the authority liable to pay the compensation must refer the
question as to the amount of the compensation to the Upper Tribunal for its determination, unless
and to the extent that in any particular case the appropriate authority have indicated in writing that
such a reference and determination may be dispensed with.

General development orders

73.—(1) It is a condition of any planning permission granted by a general development order,
whether made before or after 1st April 2010, that development which—

(a) is likely to have a significant effect on a European site or a European offshore marine site
    (either alone or in combination with other plans or projects), and

(b) is not directly connected with or necessary to the management of the site,

must not be begun until the developer has received written notification of the approval of the local
planning authority under regulation 75 (approval of local planning authority).

(2) It is a condition of any planning permission granted by a general development order made
before 1st April 2010 that development which—

(a) is likely to have a significant effect on a European site (either alone or in combination
    with other plans or projects),

(b) is not directly connected with or necessary to the management of the site, and

(c) was begun but not completed before that date,

must not be continued until the developer has received written notification of the approval of the
local planning authority under regulation 75.

(3) Nothing in this regulation affects anything done pursuant to any such planning permission
before 1st April 2010.

General development orders: opinion of appropriate nature conservation body

74.—(1) Where it is intended to carry out development in reliance on the permission granted
by a general development order, application may be made in writing to the appropriate nature
conservation body for their opinion as to whether the development is likely to have a relevant effect.

(2) The application must give details of the development which is intended to be carried out.

(3) On receiving such an application, the appropriate nature conservation body must consider
whether the development is likely to have such an effect.

(4) Where they consider that they have sufficient information to conclude that the development
will, or will not, have such an effect, they must notify the applicant and the local planning authority
in writing of their opinion.

(5) If the appropriate nature conservation body consider that they have insufficient information
to reach either of those conclusions, they must notify the applicant in writing indicating in what
respects they consider the information insufficient, and the applicant may supply further information
with a view to enabling them to reach a decision on the application.
(6) The opinion of the appropriate nature conservation body, notified in accordance with paragraph (4), that the development is not likely to have a relevant effect is conclusive of that question for the purpose of reliance on the planning permission granted by a general development order.

(7) In this regulation and in regulation 75 “a relevant effect” means such an effect as is mentioned in regulation 73(1)(a) or (2)(a).

**General development orders: approval of local planning authority**

75.—(1) An application to the local planning authority for approval, as mentioned in regulation 73 (general development orders), must—

(a) give details of the development which is intended to be carried out; and

(b) be accompanied by—

(i) a copy of any relevant notification by the appropriate nature conservation body under regulation 74 (opinion of appropriate nature conservation body), and

(ii) any fee required to be paid.

(2) For the purposes of their consideration of the application the local planning authority must assume that the development is likely to have a relevant effect.

(3) The authority must send a copy of the application to the appropriate nature conservation body and must take account of any representations made by them.

(4) If in their representations the appropriate nature conservation body state their opinion that the development is not likely to have a relevant effect, the local planning authority must send a copy of the representations to the applicant.

(5) The sending of the copy of the representations to the applicant under paragraph (4) has the same effect as a notification by the appropriate nature conservation body of their opinion under regulation 74(4).

(6) In any other case in which the application has been sent to the appropriate nature conservation body, the local planning authority must, taking account of any representations made by the appropriate nature conservation body, make an appropriate assessment of the implications of the development for the European site or European offshore marine site in view of that site’s conservation objectives.

(7) In the light of the conclusions of the assessment the local planning authority may approve the development only after having ascertained that it will not adversely affect the integrity of the site.

**General development orders: supplementary**

76.—(1) The local planning authority for the purposes of regulations 73 to 75 are the authority to which an application for approval under regulation 75 (approval of local planning authority) would fall to be made if it were an application for planning permission.

(2) The fee payable in connection with an application for such approval is £30.

(3) Approval required by regulation 73 (general development orders) is to be treated—

(a) for the purposes of the provisions of the TCPA 1990 relating to appeals, as approval required by a condition imposed on a grant of planning permission; and

(b) for the purposes of the provisions of any general development order relating to the time within which notice of a decision should be given, as approval required by a condition attached to a grant of planning permission.
Special development orders

A special development order may not grant planning permission for development which—

(a) is likely to have a significant effect on a European site (either alone or in combination with other plans or projects); and
(b) is not directly connected with or necessary to the management of the site.

A special development order made before 1st April 2010 is not to be taken to grant planning permission for development of a kind mentioned in paragraph (1), whether or not the development authorised by the permission has been begun.

Nothing in this regulation affects anything done pursuant to a special development order before 1st April 2010.

A special development order may not grant planning permission for development which is likely to have a significant effect on a European offshore marine site (either alone or in combination with other plans or projects).

Local development orders

A local development order may not grant planning permission for development which—

(a) is likely to have a significant effect on a European site or a European offshore marine site (either alone or in combination with other plans or projects); and
(b) is not directly connected with or necessary to the management of the site.

Simplified planning zones and enterprise zones

Where a simplified planning zone scheme is adopted or approved, that scheme is not to be taken to grant planning permission for development which—

(a) is likely to have a significant effect on a European site (either alone or in combination with other plans or projects); and
(b) is not directly connected with or necessary to the management of the site.

A simplified planning zone scheme in force before 1st April 2010 is not to be taken to grant planning permission for development of a kind mentioned in paragraph (1), whether or not the development authorised by the permission has been begun.

Where a simplified planning zone scheme is adopted or approved, that scheme is not to be taken to grant planning permission for development which is likely to have a significant effect on a European offshore marine site (either alone or in combination with other plans or projects).

A simplified planning zone scheme adopted or approved on or after 21st August 2007 and before 1st April 2010 is not to be taken to grant planning permission for development of a kind mentioned in paragraph (3).
Enterprise zones

80.—(1) Where an order designating an enterprise zone is made, or where a modified enterprise zone scheme is approved, that order or scheme is not to be taken to grant planning permission for development which—

(a) is likely to have a significant effect on a European site (either alone or in combination with other plans or projects); and

(b) is not directly connected with or necessary to the management of the site.

(2) Where such an order was made or such a scheme was approved before 1st April 2010, that order or scheme is not to be taken to grant planning permission for development of a kind mentioned in paragraph (1), whether or not the development authorised by the permission has been begun.

(3) Where an order designating an enterprise zone is made, or where a modified enterprise zone scheme is approved, that order or scheme is not to be taken to grant planning permission for development which is likely to have a significant effect on a European offshore marine site (either alone or in combination with other plans or projects).

(4) Where such an order was made or such a scheme was approved on or after 21st August 2007 and before 1st April 2010, that order or scheme is not to be taken to grant planning permission for development of a kind mentioned in paragraph (3).

Development consent under Planning Act 2008

Grant of development consent

81.—(1) The assessment provisions apply in relation to the making of an order granting development consent under the Planning Act 2008(120).

(2) Where those provisions apply, the competent authority may, if they consider that any adverse effects of the plan or project on the integrity of a European site or a European offshore marine site would be avoided if the order granting development consent included requirements under section 120 of the Planning Act 2008 (what may be included in order granting development consent), make an order subject to those requirements.

Development consent: review

82.—(1) The review provisions apply to any order granting development consent under the Planning Act 2008 unless—

(a) the development to which it related has been completed before the site becomes a European site or a European offshore marine site;

(b) it included a requirement as to the time within which the development to which it related was to be begun and that time has expired without the development having been begun; or

(c) the development consent was granted for a limited period and that period has expired.

(2) For the purpose of this regulation, in a case where the Panel or the Council made the order granting development consent, the Commission must carry out any review.

(3) The Commission must consult the Secretary of State for the purpose of any review under the review provisions.

(4) In any such review of an order granting development consent, the competent authority must—
(a) consider whether any adverse effects could be overcome by imposing requirements under paragraph 5(4)(c), (d) or (e) of Schedule 6 to the Planning Act 2008 (changes to, and revocation of, orders granting development consent); and

(b) if they consider that those effects could be so overcome, impose those requirements by making such an order under paragraph 3(1) of Schedule 6 to that Act as may be required.

(5) Any order made by the Commission under paragraph 3(1) of Schedule 6 to that Act, if not made on the application of the Secretary of State under paragraph 3(6) of that Schedule, is to be treated as so made.

(6) Paragraph (5) has effect only where the Secretary of State has agreed to the making of such an order by the Commission.

Interpretation of Chapter 2

83.—(1) This Chapter, except regulations 81 and 82, is to be construed as one with the TCPA 1990.

(2) In regulations 81 and 82, the terms “the Commission”, “the Council”, “development”, “development consent” and “the Panel” have the meanings given by the Planning Act 2008 (121).

CHAPTER 3

HIGHWAYS AND ROADS

Construction or improvement of highways or roads

84.—(1) The assessment provisions apply in relation to any plan or project—

(a) by the appropriate authority to construct a new highway or to improve, within the meaning of the Highways Act 1980 (122), an existing highway; or

(b) by a local highway authority to carry out within the boundaries of a road any works required for the improvement of the road.

(2) The review provisions apply to any such plan or project as is mentioned in paragraph (1) unless—

(a) the works have been completed before the site became a European site or a European offshore marine site; or

(b) the works were completed before 30th October 1994.

Cycle tracks and other ancillary works

85. Subsection (10) of section 3 of the Cycle Tracks Act 1984 (123) (conversion of footpaths into cycle tracks) is not to be taken to deem planning permission to be granted for development which—

(a) is likely to have a significant effect on a European site (either alone or in combination with other plans or projects), and

(b) is not directly connected with or necessary to the management of the site, whether or not the development authorised by the permission has been begun.

(121) See sections 64(2) and 235.

(122) 1980 c. 66; see definition of “improvement” in section 329(1).

(123) 1984 c. 38; section 3(10) was amended by the Planning (Consequential Provisions) Act 1990 (c. 11), paragraph 66 of Schedule 2.
CHAPTER 4
ELECTRICITY

Consents under Electricity Act 1989: application of assessment and review provisions

86.—(1) The assessment provisions apply in relation to the granting of—
(a) consent under section 36 of the Electricity Act 1989 (consent required for construction etc. of generating stations) to construct, extend or operate a generating station in Great Britain; or
(b) consent under section 37 of the Act (consent required for overhead lines) to install an electric line above ground.

(2) Where in such a case the competent authority consider that any adverse effects of the plan or project on the integrity of a European site or a European offshore marine site would be avoided if the consent were subject to conditions, the competent authority may grant consent subject to those conditions.

(3) The review provisions apply to a consent mentioned in paragraph (1) unless—
(a) the works to which the consent relates—
   (i) have been completed before the site became a European site or a European offshore marine site (as the case may be), or
   (ii) were completed before 30th October 1994; or
(b) the consent was granted—
   (i) subject to a condition as to the time within which the works to which it relates were to be begun and that time has expired without those works having been begun, or
   (ii) for a limited period and that period has expired.

(4) Where the consent is for, or includes, the operation of a generating station, the works are to be treated as completed when, in reliance on the consent, the generating station is first operated.

(5) Where on the review of such a consent the competent authority consider that any adverse effects on the integrity of a European site or a European offshore marine site of the carrying out or, as the case may be, the continuation of the plan or project would be avoided by a variation of the consent, the authority may vary the consent accordingly.

(6) In conjunction with the review of any such consent the competent authority must review any direction deeming planning permission to be granted for the plan or project and may vary or revoke it.

Consents under Electricity Act 1989: procedure on review

87.—(1) Where the competent authority decide in pursuance of regulation 86(3), (5) or (6) to revoke or vary a consent under the Electricity Act 1989 or a direction deeming planning permission to be granted, the authority must serve notice on—
(a) the person to whom the consent was granted or, as the case may be, in whose favour the direction was made,
(b) in the case of a consent under section 36 of the Electricity Act 1989, any other person proposing to operate the generating station in question, and

(124) 1989 c. 29; section 36 was amended by the Energy Act 2004 (c. 20), section 93(1) and (3); the Planning Act 2008 (c. 29), paragraphs 31 and 32 of Schedule 2; the Marine and Coastal Access Act 2009 (c. 23), section 12(7)(a) and (8); and, in relation to Scotland, by S.I. 2006/1054, paragraph 1(1) and (2) of Schedule 1.
(125) Section 37 was amended by the Planning Act 2008 (c. 29), paragraphs 31 and 33 of Schedule 2.
(c) any other person who in the authority’s opinion will be affected by the revocation or variation,
informing them of the decision and specifying a period of not less than 28 days within which any person on whom the notice is served may make representations to the authority.

(2) The competent authority must also serve notice on—

(a) the relevant planning authority within the meaning of paragraph 2(6) of Schedule 8(126) to the Electricity Act 1989 (consents under sections 36 and 37 of that Act), and

(b) the appropriate nature conservation body,
informing them of the decision and inviting their representations within the specified period.

(3) The competent authority must consider whether to proceed with the revocation or variation, and must have regard to any representations made in accordance with paragraph (1) or (2).

(4) If within the specified period a person on whom notice was served under paragraph (1), or the relevant planning authority, so requires, the competent authority must before deciding whether to proceed with the revocation or variation give—

(a) to that person or the relevant planning authority (as the case may be), and

(b) to any other person on whom notice under paragraph (1) or (2) was required to be served,
an opportunity of appearing before, and being heard by, a person appointed by the competent authority for the purpose.

Consents under Electricity Act 1989: effect of review

88.—(1) The revocation or variation pursuant to regulation 86(3), (5) or (6) of a consent under the Electricity Act 1989 or a direction deeming planning permission to be granted takes effect upon the service of the notices required by regulation 87(1) or, where there is more than one such notice and those notices are served at different times, upon the service of the last such notice to be served.

(2) Where the competent authority decide not to proceed with the revocation or variation, the consent or direction has effect again as from the time of that decision, and thereafter has effect as if—

(a) any period specified in the consent or direction for the taking of any action, being a period which had not expired prior to the date mentioned in paragraph (1), were extended by a period equal to that during which the revocation or variation had effect; and

(b) there were substituted for any date specified in the consent or direction as being a date by which any action should be taken (“the specified date”), not being a date falling prior to the date mentioned in paragraph (1), such later date as postpones the specified date by a period equal to that during which the revocation or variation had effect.

(3) The revocation or variation of a consent or direction as mentioned in paragraph (1) does not affect anything done under the consent or direction prior to the revocation or variation taking effect.

Consents under Electricity Act 1989: compensation

89.—(1) Where a direction deeming planning permission to be granted is revoked or varied pursuant to regulation 86(6), that permission is to be treated—

(126)Paragraph 2(6) of Schedule 8 was amended by the Planning (Consequential Provisions) Act 1990 (c. 11), paragraph 83(1) of Schedule 2; the Local Government (Wales) Act 1994 (c. 19), paragraph 22 of Schedule 6 and Schedule 18; and the Environment Act 1995 (c. 25), paragraph 30(1), (3) and (6) of Schedule 10 and Schedule 24.
(a) for the purposes of Part 4 of the TCPA 1990 (compensation for effects of certain orders, notices etc.) as having been revoked or modified by order under section 97(127) of that Act (power to revoke or modify planning permission); or

(b) for the purposes of Part 4 of the Town and Country Planning (Scotland) Act 1997(128) (compensation for effects of certain orders, notices etc.) as having been revoked or modified by order under section 65(129) of that Act (power to revoke or modify planning permission).

(2) Where a consent under the Electricity Act 1989 is revoked or varied pursuant to regulation 86(3) or (5), Part 4 of the TCPA 1990 or Part 4 of the Town and Country Planning (Scotland) Act 1997 (as the case may be) applies as if—

(a) the consent had been planning permission granted on an application under that Act and had been revoked or modified by order under section 97 of the TCPA 1990 or section 65 of the Town and Country Planning (Scotland) Act 1997; and

(b) that Part provided that the competent authority was the person liable to pay any compensation provided for by that Part.

(3) Paragraph (2) does not confer any right to compensation for any expenditure, loss or damage for which compensation is payable by virtue of paragraph (1).

(4) Where the competent authority decide not to proceed with the revocation or variation of a consent under the Electricity Act 1989 or a direction deeming planning permission to be granted, any claim for compensation by virtue of this regulation is limited to any loss or damage directly attributable to the consent or direction ceasing to have effect or being varied for the duration of the period between the revocation or variation taking effect under regulation 88(1) and the competent authority’s decision not to proceed with it.

(5) Where compensation is payable by virtue of this regulation, the question as to the amount of the compensation must be referred to and determined by the Upper Tribunal, or the Lands Tribunal for Scotland, unless and to the extent that in any particular case the competent authority have indicated in writing that such a reference and determination may be dispensed with.

CHAPTER 5

PIPE-LINES

Authorisations under Pipe-lines Act 1962: application of assessment and review provisions

90.—(1) The assessment provisions apply in relation to the granting of a pipe-line construction authorisation under the Pipe-lines Act 1962(130).

(2) Where in such a case the competent authority consider that any adverse effects of the plan or project on the integrity of a European site or a European offshore marine site would be avoided by granting an authorisation for the execution of works for the placing of the proposed pipe-line along a modified route, the competent authority may, subject to the provisions of Schedule 1(131) to the Pipe-lines Act 1962 (which relates to applications for pipe-line construction authorisations), grant such an authorisation.

(3) The review provisions apply to an authorisation mentioned in paragraph (1) unless—

(a) the works to which the authorisation relates—

   (i) subject to a condition as to the time within which the works to which it relates were to be begun and that time has expired without those works having been begun, or
   (ii) for a limited period and that period has expired.

(4) Where on the review of such an authorisation the competent authority consider that any adverse effects on the integrity of a European site or a European offshore marine site of the carrying out or, as the case may be, the continuation of the plan or project would be avoided by a variation of the authorisation, the authority may vary it accordingly.

(5) In conjunction with the review of any such authorisation the competent authority must review any direction deeming planning permission to be granted for the plan or project and may vary or revoke it.

Authorisations under Pipe-lines Act 1962: procedure on review

91.—(1) Where the competent authority decide in pursuance of regulation 90(3), (4) or (5) to revoke or vary an authorisation under the Pipe-lines Act 1962 or a direction deeming planning permission to be granted, the authority must serve notice on—
   (a) the person to whom the authorisation was granted or, as the case may be, in whose favour the direction was made, and

informing them of the decision and inviting their representations within the specified period.

(3) The competent authority must consider whether to proceed with the revocation or variation, and must have regard to any representations made in accordance with paragraph (1) or (2).

(4) If within the specified period a person on whom notice was served under paragraph (1), or the local planning authority, so requires, the competent authority must before deciding whether to proceed with the revocation or variation give—
   (a) to that person or the local planning authority (as the case may be), and
   (b) to any other person on whom notice under paragraph (1) or (2) was required to be served, an opportunity of appearing before, and being heard by, a person appointed by the competent authority for the purpose.

Authorisations under Pipe-lines Act 1962: effect of review

92.—(1) The revocation or variation pursuant to regulation 90(3), (4) or (5) of an authorisation under the Pipe-lines Act 1962 or a direction deeming planning permission to be granted takes effect upon the service of the notices required by regulation 91(1) or, where there is more than one such notice and those notices are served at different times, upon the service of the last such notice to be served.
(2) Where the competent authority decide not to proceed with the revocation or variation, the authorisation or direction has effect again as from the time of that decision, and thereafter has effect as if—

(a) any period specified in the authorisation or direction for the taking of any action, being a period which had not expired prior to the date mentioned in paragraph (1), were extended by a period equal to that during which the revocation or variation had effect; and

(b) there were substituted for any date specified in the authorisation or direction as being a date by which any action should be taken (“the specified date”), not being a date falling prior to the date mentioned in paragraph (1), such later date as postpones the specified date by a period equal to that during which the revocation or variation had effect.

(3) The revocation or variation of an authorisation or direction as mentioned in paragraph (1) does not affect anything done under the authorisation or direction prior to the revocation or variation taking effect.

Authorisations under Pipe-lines Act 1962: compensation

93.—(1) Where a direction deeming planning permission to be granted is revoked or varied pursuant to regulation 90(5), that permission is to be treated—

(a) for the purposes of Part 4 of the TCPA 1990 (compensation for effects of certain orders, notices etc.) as having been revoked or modified by order under section 97(132) of that Act (power to revoke or modify planning permission); or

(b) for the purposes of Part 4 of the Town and Country Planning (Scotland) Act 1997(133) (compensation for effects of certain orders, notices etc.) as having been revoked or modified by order under section 65(134) of that Act (power to revoke or modify planning permission).

(2) Where an authorisation under the Pipe-lines Act 1962 is revoked or varied pursuant to regulation 90(3) or (4), Part 4 of the TCPA 1990 or Part 4 of the Town and Country Planning (Scotland) Act 1997 (as the case may be) applies as if—

(a) the authorisation had been planning permission granted on an application under that Act and had been revoked or modified by order under section 97 of the TCPA 1990 or section 65 of the Town and Country Planning (Scotland) Act 1997; and

(5) Where compensation is payable by virtue of this regulation, the question as to the amount of the compensation must be referred to and determined by the Upper Tribunal, or the Lands Tribunal for Scotland, unless and to the extent that in any particular case the competent authority have indicated in writing that such a reference and determination may be dispensed with.

CHAPTER 6
TRANSPORT AND WORKS

Orders under Transport and Works Act 1992: application of assessment and review provisions

94.—(1) The assessment provisions apply in relation to the making of an order under section 1 (orders as to railways, tramways etc.) or 3 (orders as to inland waterways etc.) of the Transport and Works Act 1992(135).

(2) Where in such a case the appropriate authority consider that any adverse effects of the plan or project on the integrity of a European site or a European offshore marine site would be avoided by making modifications to the proposals, the appropriate authority may make an order subject to those modifications.

(3) The review provisions apply to an order mentioned in paragraph (1) unless the works to which the order relates have been completed before the site became a European site or a European offshore marine site.

(4) Where on the review of such an order the appropriate authority consider that any adverse effects on the integrity of a European site or a European offshore marine site of the carrying out or, as the case may be, the continuation of the plan or project would be avoided by a variation of the order, the appropriate authority may vary it accordingly.

(5) In conjunction with the review of any such order the appropriate authority must review any direction deeming planning permission to be granted for the plan or project and may vary or revoke it.

(6) In relation to an order mentioned in paragraph (1) which has effect or would have effect in both England and Wales, for any reference in this Chapter to the appropriate authority substitute a reference to the Secretary of State.

Orders under Transport and Works Act 1992: procedure on review

95.—(1) Where the appropriate authority decide in pursuance of regulation 94(3), (4) or (5) to revoke or vary an order under the Transport and Works Act 1992 or a direction deeming planning permission to be granted, the authority must serve notice on—

(a) the person (if any) on whose application the order was made or, as the case may be, in whose favour the direction was made, and

(b) any other person who in the authority’s opinion will be affected by the revocation or variation,

informing them of the decision and specifying a period of not less than 28 days within which any person on whom the notice is served may make representations to the appropriate authority.

(2) The appropriate authority must also serve notice on—

(a) the local planning authority, and

(b) the appropriate nature conservation body,

informing them of the decision and inviting their representations within the specified period.

(3) The appropriate authority must consider whether to proceed with the revocation or variation, and must have regard to any representations made in accordance with paragraph (1) or (2).

(4) If within the specified period a person on whom notice was served under paragraph (1), or the local planning authority, so requires, the appropriate authority must before deciding whether to proceed with the revocation or variation of the order or direction give—

(135)1992 c. 42; sections 1 and 3 were amended by the Planning Act 2008 (c. 29), paragraphs 51, 52 and 53 of Schedule 2.
(a) to that person or the local planning authority (as the case may be), and
(b) to any other person on whom notice under paragraph (1) or (2) was required to be served,
an opportunity of appearing before, and being heard by, a person appointed by the appropriate
authority for the purpose.

Orders under Transport and Works Act 1992: effect of review

96.—(1) The revocation or variation pursuant to regulation 94(3), (4) or (5) of an order under
the Transport and Works Act 1992 or a direction deeming planning permission to be granted takes
effect upon the service of the notices required by regulation 95(1) or, where there is more than one
such notice and those notices are served at different times, upon the service of the last such notice
to be served.

(2) Where the appropriate authority decide not to proceed with the revocation or variation, the
order or direction has effect again as from the time of that decision, and thereafter has effect as if—
(a) any period specified in the order or direction for the taking of any action, being a period
which had not expired prior to the date mentioned in paragraph (1), were extended by a
period equal to that during which the revocation or variation had effect; and
(b) there were substituted for any date specified in the order or direction as being a date by
which any action should be taken (“the specified date”), not being a date falling prior to
the date mentioned in paragraph (1), such later date as postpones the specified date by a
period equal to that during which the revocation or variation had effect.

(3) The revocation or variation of an order or direction as mentioned in paragraph (1) does not
affect anything done under the order or direction prior to the revocation or variation taking effect.

Orders under Transport and Works Act 1992: compensation

97.—(1) Where a direction deeming planning permission to be granted is revoked or varied
pursuant to regulation 94(5), that permission is to be treated for the purposes of Part 4 of the TCPA
1990 (compensation for effects of certain orders, notices etc.) as having been revoked or modified
by order under section 97(136) of that Act (power to revoke or modify planning permission).

(2) Where an order under the Transport and Works Act 1992 is revoked or varied pursuant to
regulation 94(3) or (4), Part 4 of the TCPA 1990 applies as if—
(a) the order had been planning permission granted on an application under that Act and had
been revoked or modified by order under section 97 of that Act; and
(b) that Part provided that the appropriate authority was the person liable to pay any
compensation provided for by that Part.

(3) Paragraph (2) does not confer any right to compensation for any expenditure, loss or damage
for which compensation is payable by virtue of paragraph (1).

(4) Where the appropriate authority decide not to proceed with the revocation or variation of
an order under the Transport and Works Act 1992 or a direction deeming planning permission
to be granted, any claim for compensation by virtue of this regulation is limited to any loss or
damage directly attributable to the order or direction ceasing to have effect or being varied for the
duration of the period between the revocation or variation taking effect under regulation 96(1) and
the appropriate authority’s decision not to proceed with it.

(5) Where compensation is payable by virtue of this regulation, the question as to the amount of
the compensation must be referred to and determined by the Upper Tribunal unless and to the extent

(136)Section 97 was amended by the Planning and Compensation Act 1991 (c. 34), paragraph 4 of Schedule 1 and Part 1 of
Schedule 19.
that in any particular case the appropriate authority have indicated in writing that such a reference and determination may be dispensed with.

CHAPTER 7
ENVIRONMENTAL CONTROLS

Environmental permits

98.—(1) The assessment provisions apply in relation to the granting of an environmental permit under the Environmental Permitting (England and Wales) Regulations 2007(137).

(2) Where in such a case the competent authority consider that any adverse effects of the plan or project on the integrity of a European site or a European offshore marine site would be avoided if the permit were subject to conditions, they may grant a permit, or cause a permit to be granted, subject to those conditions.

(3) The review provisions apply to a permit described in paragraph (1).

(4) Where on the review of such a permit the competent authority consider that any adverse effects on the integrity of a European site or a European offshore marine site of the carrying out, or, as the case may be, the continuation of activities authorised by it would be avoided by a variation of the permit, they may vary it, or cause it to be varied, accordingly.

(5) Where any question arises as to agreeing to a plan or project, or affirming a permit on review, under regulation 62 (considerations of overriding public interest), the competent authority must refer the matter to the appropriate authority which must determine the matter in accordance with that regulation and give directions to the competent authority accordingly.

Abstraction and works authorised under water legislation

99.—(1) The assessment provisions apply in relation to the granting of an authorisation by virtue of—

(a) the granting of a licence under Chapter 2 of Part 2 of the WRA(138) (abstraction and impounding);

(b) the making of an order under section 27A(139) of the WRA (variation of small quantity threshold);

(c) the making of regulations under section 33A(140) of the WRA (power to provide for further exemptions), where those regulations relate to—
   (i) a prescribed geographical area,
   (ii) a prescribed source of supply (in the case of an exemption from the restriction on abstraction or the other restrictions imposed by section 24(141) of the WRA (restrictions on abstraction)), or
   (iii) prescribed inland waters (in the case of an exemption from the restriction on impounding works);

(d) any consent given under paragraph (2);

(e) the making of an order under section 73(142) of the WRA (power to make ordinary and emergency drought orders) which has the effect of authorising—

(3) Where, in relation to any plan or project authorised by any means referred to in sub-paragraphs (a) to (h) of paragraph (1), the competent authority consider that any adverse effects of the plan or project on the integrity of a European site or a European offshore marine site would be avoided if the authorisation were subject to conditions, they may grant the authorisation, or cause it to be granted, subject to those conditions.

(4) Where, by virtue of paragraph (1)(g), the assessment provisions apply in relation to the granting of an authorisation by virtue of a consent under section 166 of the WIA or section 164 of the WRA, the section in question has effect as if in each case—

(5) The review provisions apply to any authorisation mentioned in paragraph (1)(a), (b), (c), (d) or (h).

(3) The review provisions apply to any licence, consent or other approval for marine works.

(4) Where on the review of any such licence, consent or other approval the competent authority consider that any adverse effects on the integrity of a European site or a European offshore marine site of the carrying out or, as the case may be, the continuation of activities authorised by it would be avoided by a variation of the licence, consent or other approval, they may vary it accordingly.

(5) This regulation does not apply in relation to any application for a licence mentioned in paragraph (6)(a), or a consent mentioned in paragraph (6)(b), in respect of dredging where—

CHAPTER 8
LAND USE PLANS

Assessment of implications for European sites and European offshore marine sites

102.—(1) Where a land use plan—

(a) is likely to have a significant effect on a European site or a European offshore marine site (either alone or in combination with other plans or projects), and

(b) is not directly connected with or necessary to the management of the site,

the plan-making authority for that plan must, before the plan is given effect, make an appropriate assessment of the implications for the site in view of that site’s conservation objectives.

(2) The plan-making authority must for the purposes of the assessment consult the appropriate nature conservation body and have regard to any representations made by that body within such reasonable time as the authority specify.

(3) They must also, if they consider it appropriate, take the opinion of the general public, and if they do so, they must take such steps for that purpose as they consider appropriate.

(4) In the light of the conclusions of the assessment, and subject to regulation 103 (considerations of overriding public interest), the plan-making authority or, in the case of a regional strategy, the Secretary of State must give effect to the land use plan only after having ascertained that it will not adversely affect the integrity of the European site or the European offshore marine site (as the case may be).

(5) A plan-making authority must provide such information as the appropriate authority may reasonably require for the purposes of the discharge of the obligations of the appropriate authority under this Chapter.

(6) This regulation does not apply in relation to a site which is—

(a) a European site by reason of regulation 8(1)(c), or

(b) a European offshore marine site by reason of regulation 15(c) of the 2007 Regulations (site protected in accordance with Article 5(4) of the Habitats Directive).

Considerations of overriding public interest

103.—(1) If the plan-making authority are satisfied that, there being no alternative solutions, the land use plan must be given effect for imperative reasons of overriding public interest (which, subject to paragraph (3), may be of a social or economic nature), they may give effect to the land use plan notwithstanding a negative assessment of the implications for the European site or the European offshore marine site (as the case may be).

(2) In relation to a regional strategy, paragraph (1) applies to the Secretary of State as it applies to a plan-making authority in the case of any other land use.

(3) Where the site concerned hosts a priority natural habitat type or a priority species, the reasons referred to in paragraph (1) must be either—
(a) reasons relating to human health, public safety or beneficial consequences of primary importance to the environment; or

(b) any other reasons which the plan-making authority, having due regard to the opinion of the European Commission, consider to be imperative reasons of overriding public interest.

(4) Where a plan-making authority other than the Secretary of State or the Welsh Ministers desire to obtain the opinion of the European Commission as to whether reasons are to be considered imperative reasons of overriding public interest, they may submit a written request to the appropriate authority—

(a) identifying the matter on which an opinion is sought; and

(b) accompanied by any documents or information which may be required.

(5) The appropriate authority—

(a) may seek the opinion of the European Commission concerning the plan; and

(b) where such an opinion is received, must send it to the plan-making authority.

(6) Where a plan-making authority other than the Secretary of State or the Welsh Ministers propose to give effect to a land use plan under this regulation notwithstanding a negative assessment of the implications for the site concerned—

(a) they must notify the appropriate authority; and

(b) they must not give effect to the land use plan before the end of the period of 21 days beginning with the day notified by the appropriate authority as that on which their notification was received, unless the appropriate authority notify them that they may do so.

(7) Without prejudice to any other power, the appropriate authority may give directions to the plan-making authority in any such case prohibiting them from giving effect to the land use plan, either indefinitely or during such period as may be specified in the direction.

Co-ordination for land use plan prepared by more than one authority

104.—(1) The following provisions apply where two or more local planning authorities prepare a joint local development document under section 28(158) (joint local development documents) or a joint local development plan under section 72 (joint local development plans) of the 2004 Planning Act.

(2) Nothing in paragraph (1) of regulation 102 (assessment of implications for European sites and European offshore marine sites) requires a local planning authority to assess any implications of a joint local development document or plan which would be more appropriately assessed under that provision by another local planning authority.

(3) The appropriate authority may issue guidance to local planning authorities for the purposes of regulation 102(1) as to the circumstances in which a local planning authority may or should adopt the reasoning or conclusions of another local planning authority as to whether a joint local planning document or plan—

(a) is likely to have a significant effect on a European site or a European offshore marine site; or

(b) will adversely affect the integrity of a European site or a European offshore marine site.

(4) The local planning authorities concerned must have regard to any such guidance.

(5) In determining whether a joint local development document or plan should be adopted under regulation 103 (considerations of overriding public interest), a local planning authority must seek and have regard to the views of the other local planning authorities concerned.

(158)Section 28 was amended by the Local Democracy, Economic Development and Construction Act 2009 (c. 20), paragraphs 12 and 16 of Schedule 5.
Compensatory measures

105. Where in accordance with regulation 103 (considerations of overriding public interest) a land use plan is given effect notwithstanding a negative assessment of the implications for a European site or a European offshore marine site, the appropriate authority must secure that any necessary compensatory measures are taken to ensure that the overall coherence of Natura 2000 is protected.

Planning Act 2008

with the modifications specified in paragraphs (2) and (3).

(2) Any reference in this Chapter to giving effect to a land use plan, in relation to a national policy statement, is to be taken to be a reference to the designation of a statement as a national policy statement or an amendment of a national policy statement under Part 2 of the Planning Act 2008.

(3) Where this Chapter applies by virtue of paragraph (1)—

(a) regulations 102(5), 103(4) to (7) and 104 do not apply; and

(b) in regulation 105, for the reference to the appropriate authority substitute a reference to the Secretary of State.

Proceedings for questioning validity of orders

7.—(1) This paragraph applies to any order which has taken effect and as to which the appropriate authority have given notice under paragraph 6 of a decision to take no action or to amend the order in accordance with paragraph 4 (“the relevant notice”).

(2) If any person is aggrieved by an order to which this paragraph applies and desires to question its validity on the ground that it is not within the powers of regulation 25 (power to make special nature conservation order), or that any of the requirements of this Schedule have not been complied with in relation to it, that person may within six weeks from the date of the relevant notice make an application to the High Court.

(3) On any such application the High Court may, if satisfied that the order is not within those powers or that the interests of the applicant have been substantially prejudiced by a failure to comply with any of those requirements, quash the order, or any provision of the order, either generally or in so far as it affects the interests of the applicant.

(4) Except as provided by this paragraph, the validity of an order may not be questioned in any legal proceedings whatsoever.

Interpretation

8. In this Schedule—
   “amending order” and “revoking order” mean an order which amends or, as the case may be, revokes a previous order;
   “order” means an order under regulation 25 (special nature conservation order);
   “original order” means an order other than an amending or revoking order; and
“restrictive”, in relation to an amending order, means extending the area to which a previous order applies.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations consolidate the Conservation (Natural Habitats, &c.) Regulations 1994(204) (“the 1994 Regulations”). They also implement aspects of the Marine and Coastal Access Act 2009(205) (“the Marine Act”).

These Regulations extend to England and Wales (including the adjacent territorial sea). They also extend to Scotland (including the adjacent territorial sea) to a limited degree. They revoke the 1994 Regulations except (generally) as they extend to Scotland. In addition, in respect of reserved matters, these Regulations replace the 1994 Regulations as they extend to Scotland.

### Part 1 – Introductory and general provisions

Regulation 9 provides that public bodies must exercise their nature conservation functions so as to comply with the Habitats Directive.

### Part 2 – Conservation of natural habitats and habitats of species

Regulations 10 to 15 make provision for the selection, designation, registration and notification of sites to be protected under the Habitats Directive (“European sites”). Regulations 16 to 18 make provision for management agreements for European sites. Regulations 19 to 34 make provision in respect of European sites for (i) control of damaging operations, (ii) special nature conservation orders and restoration orders, (iii) byelaws and (iv) compulsory purchase. Regulations 35 to 38 make provision for the protection of European marine sites.

---

(204) S.I. 1994/2716.
(205) 2009 c. 23.
Part 3 – Protection of species

Part 3 provides for the protection of certain wild animals and plants. In particular, regulation 41 makes it an offence, subject to exceptions, deliberately to capture, kill or disturb those animals or to trade in them. Regulation 45 makes it an offence, subject to exceptions, to pick, collect, cut or destroy those plants or to trade in them. (These offences correspond to offences in the 1994 Regulations).

Part 4 – Additional protection of habitats and wild animals and plants

Regulation 48 imposes a duty on the Secretary of State and Welsh Ministers to make arrangements for the surveillance of the conservation status of natural habitats and species protected under the Habitats Directive. Regulation 50 requires them to make arrangements to establish a system to monitor the incidental capture and killing of animals listed in Annex IV(a) to the Habitats Directive.

Regulation 52 makes it an offence deliberately to introduce from a ship into the sea new species that are not native to Great Britain. (This corresponds to an offence in the 1994 Regulations).

Part 5 – Licences

Part 5 provides for the licensing of certain activities relating to animals and plants. The offences under Part 3 do not apply to anything done in accordance with a licence. Regulation 56(2)(a)(i) transfers certain licensing functions from Natural England to the Marine Management Organisation in respect of the territorial sea seaward of mean low water mark.

Part 6 – Assessment of plans and projects

Regulations 60 to 67 require the effect on a European site to be considered before the granting of consents or authorisations of a kind specified in regulations 68 to 101, including the grant of planning permission, consents under the Electricity Act 1989, authorisations under the Pipe-lines Act 1962, orders under the Transport and Works Act 1992, environmental permits, abstraction licences and marine works. Regulation 61 provides that a competent authority may not authorise a plan or project that may adversely affect the integrity of a European site, subject to the exceptions set out in regulation 62 (considerations of overriding public interest).

Chapter 8 of Part 6 sets out similar requirements in relation to land-use plans and national policy statements.

Part 7 – Enforcement

Part 7 sets out the enforcement powers of wildlife inspectors and constables. It also sets out certain further offences, including the offence of intentionally obstructing a wildlife inspector (regulation 119). (Again, these offences correspond to offences in the 1994 Regulations).

Part 8 – Final provisions

Regulation 132 and paragraph 5 of Schedule 6 amend the Marine Act. Paragraph 5(5) extends the powers conferred by that Act on marine enforcement officers in respect of the 1994 Regulations to offences under regulations 57, 58 and 116 of these Regulations.

An impact assessment prepared during the passage of the Marine Act can be found on the Department for Environment, Food and Rural Affairs’ website at www.defra.gov.uk. An impact assessment has not been produced for this instrument as no impact on business or the private or voluntary sector is foreseen.
