

THE WELSH MINISTERS

The Welsh Ministers (The M4 Motorway (Junction 23 (East of Magor) to West of Junction 29 (Castleton) and Connecting Roads) and The M48 Motorway (Junction 23 (East of Magor) Connecting Road) and The London to Fishguard Trunk Road (East of Magor to Castleton)) Supplementary (No. 4) Compulsory Purchase Order 201-

STATEMENT OF REASONS

1 INTRODUCTION

- 1.1 The Welsh Ministers are responsible for special roads (including motorways) and trunk roads in Wales. In addition to serving local communities, the M4 around Newport is a route of strategic importance at regional, national and international levels, linking south and west Wales to the south west of England and forms part of strategic routes to Ireland, the Midlands, the south east of England and further to continental Europe (Trans-Europe Transport Network).
- 1.2 The Welsh Ministers published draft proposals on 10th March 2016 for a new section of motorway to the south of Newport, alongside complementary measures.
- 1.3 The published proposals for the M4 Corridor around Newport project (referred to as 'the Scheme') comprise:
- a) A draft Scheme Order to provide a new length of dual 3-lane motorway between Magor and Castleton to the south of Newport, its new slip roads and connecting roads. It also provides for bridges passing over navigable waterways;
 - b) A draft Scheme Variation Order to remove the special road classification from various lengths of the existing M4 motorway between Magor and Castleton and the A48(M) motorway between Castleton and St. Mellons. Although these lengths would cease to be motorways they would continue to be trunk roads;
 - c) A draft Line Order to provide for new lengths of trunk road required for the Scheme;
 - d) A draft Side Roads Order to stop up, improve or alter some lengths of existing roads, footpaths, cycle routes, byways, bridleways and private accesses, to construct new highways and provide new private means of access;
 - e) A draft Compulsory Purchase Order (draft CPO), which provides for the acquisition of all the land and rights required for the construction, operation and maintenance of the new motorway and new trunk road and their associated side road proposals; and

- f) Draft Section 19 Certificates, which provide for replacement Common Land and allotments and extinguish existing rights.
- 1.4 A draft Supplementary Compulsory Purchase Order (draft Supplementary CPO) was published in September 2016 in order to revise the route of Bencroft Lane, Rogiet, and to revise the route of a drainage outfall pipe from Water Treatment Area 12b. A draft Supplementary Scheme Order was also published at this time to allow for the temporary closure of the navigable waters of the Rivers Usk and Ebbw for periods of 48 hours during the construction of the scheme
- 1.5 A draft Amendment Scheme Order was published in December 2016. This provided for raising the River Usk crossing by 1.54 metres over the Junction Cut at the Port of Newport.
- 1.6 A second draft Supplementary Compulsory Purchase Order (draft Supplementary (No. 2) CPO) was published on 24th March 2017 to provide for the acquisition of land and rights required for the construction of an eastbound off-slip at Magor. A draft Supplementary (No. 2) Scheme Order was also published at this time to allow for the temporary closure of the navigable waters of the Junction Cut for periods of 48 hours during the construction of the scheme.
- 1.7 A third draft Supplementary Compulsory Purchase Order (draft Supplementary (No. 3) CPO) was published on 25th May 2017 to provide for the following works within Newport Docks:
 - a) To provide for the acquisition of land and rights required for the construction of bridge protection measures within Newport Docks. These bridge protection measures would mitigate the risk of ships colliding with the River Usk Crossing
 - b) To update tenancy / leaseholder information within Newport Docks based on updated information provided by Associated British Ports.
 - c) To modify certain elements of the draft Compulsory Purchase Order published in March 2016.
- 1.8 An Environmental Statement Supplement (May 2017) of the potential likely effects of the draft Supplementary (No. 3) CPO has been prepared in association with the above changes to the Scheme and is available for inspection.
- 1.9 The purpose of this Statement of Reasons is to:
 - a) Describe the specific elements of the proposed Scheme that are the subject of the draft Supplementary (No. 4) CPO;
 - b) Explain the reasons for producing the draft Supplementary (No. 4) CPO;
 - c) Explain the consequential modifications proposed to the Draft Supplementary (No 3) CPO and

- d) Explain the statutory procedures that have to be completed before construction can start.

- 8.4 Relevant stakeholders have been consulted with since the publication of the draft Orders in March 2016 through meetings and correspondence. Consultation is continuing with Associated British Port (ABP).
- 8.5 A Public Local Inquiry (PLI) into the proposed Scheme is currently ongoing. The PLI will re-convene on September 19th after a Summer Recess period. The draft Supplementary (No. 4) CPO will be presented to the Inspector and considered as part of that Inquiry.

9 DESCRIPTION OF PROPOSALS CONTAINED IN THE DRAFT SUPPLEMENTARY (NO. 4) COMPULSORY PURCHASE ORDER

- 9.1 A Supplementary (No. 3) Compulsory Purchase Order (CPO) was published in May 2017. The Supplementary (No. 3) CPO outlined the Welsh Government's proposals to carry out works forming bridge protection measures within Newport Docks. These bridge protection measures would mitigate the risk of ships colliding with the River Usk Crossing.
- 9.2 The bridge protection measures originally proposed were to extend the Junction Cut quay walls, both north and south, by constructing new quaysides either side of the cut. Ship Arrestor Cables were also proposed at either end of the cut, which would provide further mitigation for the River Usk Crossing from Ship Impact. In order to undertake these works, the Welsh Government require rights of access through the southern entrance lock to Newport Docks for the construction and maintenance of the bridge protection measures.
- 9.3 Following consultation with ABP, the proposals for the Bridge Protection Measures have changed, resulting in this Supplementary (No. 4) Compulsory Purchase Order (CPO).
- 9.4 The design now envisaged would comprise of extensions to the Junction Cut quaysides to the south of Junction Cut only. The eastern quayside would also extend west, into the Junction Cut, reducing the navigable width of the Junction Cut from 19.5 metres to a minimum of 11 metres. This reduction in width would limit the size of the ships that can pass from the South Dock into the North Dock and therefore protect the River Usk Crossing from ship impact.
- 9.5 The draft Supplementary (No. 4) CPO is published under the Highways Act 1980 and the Acquisition of Land Act 1981. The draft Supplementary (No.4) CPO incorporates the necessary land to provide the alternative arrangement. Any land included within the published draft Supplementary (No.3) CPO that needs to be altered would be removed and / or amended through a proposed modification to the draft Supplementary (No.3) CPO. Any additional land required for the latest proposals would be provided in the draft Supplementary (No. 4) CPO. Plots in the draft Supplementary (No.3) CPO that would be modified or removed are 1/2cc, 1/2ce, 1/2dg, 1/2dh, 1/2ks, 1/2kz, 1/2ky, 1/2ma, 1/2mb, 1/2mc, 1/2mh, 1/2mp, 1/2mz, 1/2na, 1/2nb, 1/2nc, 1/2nh, 1/2nj, 1/2nk, 1/2kx, 1/2kw, 1/2mg and 1/2gs..

10 THE CASE FOR COMPULSORY PURCHASE

- 10.1 The draft Supplementary (No. 4) CPO is required to ensure the timely acquisition of land required for the proposed Scheme and to enable the Welsh Ministers to fulfil their statutory duty to provide new highways and

private means of access to premises to replace those being stopped up under the draft Side Roads Order.

- 10.2 The draft Supplementary (No.4) CPO, if made, will also enable the position of some access points to be altered. The draft Orders taken together will, if made, enable the construction of appropriate environmental mitigation measures and alternative means of access to land affected by the proposed Scheme.
- 10.3 The amount of land identified in the draft Supplementary (No.4) CPO, together with the land identified in the draft CPO, draft Supplementary CPO and draft Supplementary (No. 2) CPO and the draft Supplementary (No. 3) CPO is considered to be the minimum necessary to construct and subsequently operate and maintain the proposed Scheme together with the provision and maintenance of the environmental mitigation measures.
- 10.4 In drawing up the proposals for the draft Supplementary (No. 4) CPO regard has been given to the interference with the rights of all those with interests in the draft Supplementary (No. 4) CPO and who would otherwise be affected by the proposed Scheme.
- 10.5 Further consideration has been given to the proposed Scheme, which was outlined in the Statement of Reasons for the Compulsory Purchase Order as published on the 24th March 2016 as a result of comments made in response to the draft Orders or new information being made available.
- 10.6 As set out in Section 3 (Policy Context) of the Statement of Reasons for the Compulsory Purchase Order as published in draft on the 24th March 2016, consideration has been had to the Human Rights Act 1998 and in accordance with The National Assembly for Wales Revised Circular on Compulsory Purchase Orders (NAFWC 14/2004), it is considered that there is a compelling case in the public interest for the purposes for which Welsh Ministers may decide to make a CPO, sufficiently justify interfering with the human rights of those with an interest in the land affected, having regard, in particular, to the provisions of Article 1 of The First Protocol to the European Convention on Human Rights and, in the case of a dwelling, Article 8 of the Convention.

11 POWERS TO CONSTRUCT THE PROPOSED SCHEME

- 11.1 The proposed Scheme is being promoted and would be constructed using the powers of the Welsh Ministers as Highway Authority in accordance with the Highways Act 1980.
- 11.2 The powers to construct the proposed new section of motorway, sections of trunk road and to reclassify parts of the existing M4 and A48(M) would be obtained through the statutory Orders, listed below:

- 11.3 The power to stop up, alter and improve highways, restricted by-ways, bridleways, footpaths and private means of access would be obtained through the Side Roads Orders, listed below:
- a) The M4 Motorway (Junction 23 (East of Magor) to West of Junction 29 (Castleton) and Connecting Roads) and The M48 Motorway (Junction 23 (East of Magor) Connecting Road) and The London to Fishguard Trunk Road (East of Magor to Castleton) (Side Roads) Order 201
