**Subject:** Statement of Support for M4CaN draft Orders

Dear Sir/Madam

I write to formally submit a statement of support for the M4 Corridor around Newport draft Orders.

It is essential for the current and future generations of Wales that the M4 Corridor around Newport proposals are progressed to address the transport related problems, which have an adverse effect on the Welsh economy, society and local environment.

Please accept this email as a representation, as required [before 4 May 2016](#).

Kind regards

Katie Coleman
