Welsh Government,
Cathays Park.

Sirs,
M4 Corridor around Newport.

I wish to place on record my endorsement of, and strong support for, the Government's preferred route for the construction of the proposed, new M4 around Newport.

My previous experience as Director of Environment, Cardiff City Council, leads me to conclude that the preferred route is the correct solution and the most appropriate course of action.

Yours faithfully,

R. E. M. WEBB B. Eng., C. Eng., F.I.C.E., F.I.H.T.
