Dear Sirs,

M4 Corridor Around Newport

I have lived in Cardiff and Marshfield for over 40 years and I have had to suffer the traffic delays and congestion caused by the M4 between Junction 26 Coldra, Brynglas and Junction 28.

I am therefore delighted that finally a solution has been proposed by Welsh Government with a new Motorway being built to the South of Newport. I fully support the published scheme that I have seen at the Public Exhibitions and believe it will provide the solution to the transport problems of South Wales.

Yours Faithfully,

Claire Protheroe
