Dear Sir / Madam

I am writing to you in support of your recently published, M4 Corridor around Newport scheme.

I have followed the history of this scheme since it was announced back in the 1990's and have since slowly watched the traffic levels along the M4 through Newport slowly increase making journey times in the region so unreliable.

This scheme is a much needed boost for the Welsh Economy, and will certainly make South and West Wales much more accessible for future generations to come.

I am wishing you and your team all the best in making this project a reality for Wales and I will look forward to hearing of it success in the coming years.

Yours faithfully

Richard Spooner
