Dear Sirs,

**M4 Corridor around Newport**

Please accept this letter as confirmation of my full support, for the Welsh Government's proposals for the M4 Corridor around Newport and as published.

I am sure, I echo the thoughts of many affected by existing and extremely poor link that the M4 provides for business users and visitors travelling both in and out of Wales.

This infrastructure improvement is well overdue and I am sure it will provide significant benefits to the Welsh economy and provide greatly improved to links to all parts of the country.

Yours faithfully

  
Michael Thomas
