Dear Sir

**M4 Corridor around Newport**

I am writing regarding the proposal for the new M4 Corridor around Newport (CAN)  
I wish to express my support for the Welsh Governments proposals as published for the new  
M4 motorway

I have personally suffered every morning in the excessive traffic between Junction 28 and 24  
on the M4. I can see many alterations to this section of the road have been completed but  
have had little or no effect on the volume of traffic that is travelling through the tunnels. The  
only way this will be rectified is to construct a new 3 lane motorway to the south of Newport  
which will relieve the congestion along this stretch massively.

I sincerely hope that the scheme will progress successfully through the remaining statutory  
process so that construction can commence as soon as possible

Yours faithfully

Emma Pugh
