Dear Sir

M4 Corridor around Newport

I am writing regarding the proposal for the new M4 Corridor around Newport (CAN) as I wish to express my support for the current Welsh Gov proposed route.

As someone who regularly commutes between wales and England I am at the mercy of the horrendous M4 traffic which often causes me upwards of an hours delay, a diversion of the M4 around Newport can't come soon enough for me.

I hope that the scheme will progress successfully so that the road can be fixed as soon as possible.

Yours faithfully

Rachel Jones
