Dear Sir/Madam,

Re: M4 Corridor around Newport

Please accept this letter in **support** of the new M4 road around Newport.

I whole heartily support the published route of the new M4. This improved M4 route is long overdue and is essential for an enhanced Welsh economy with reduced journey times and improved road safety. It is crucial that Wales is more accessible for our industry, international markets, for tourism etc...

I trust that you will take into consideration my views and that the new road will be developed in the very near future.

Yours faithfully,

Mr Arnold Edwards
