24 April 2016

Dear Sirs

As a frequent traveller along the M4, I write to offer my full support for the proposed M4 Corridor around Newport and in particular the "Black Route".

With the available data on Welsh Government's website it would appear that this is the only logical route, taking the minimum area of SSSI whilst offering the maximum benefit to the residents in and around Newport.

I am fully in support and look forward to a traffic free M4 in 2021.

Yours faithfully

Mr Simon Lewis
