21 April, 2016

Dear Sirs

**M4 Corridor – Newport Improvements**

Following the publication of Draft Orders relating the above project, I am writing to confirm support of the Welsh Government’s proposed “Black Route”.

Renishaw is one of the world’s leading engineering and scientific technology companies, operating from more than 70 locations in 35 countries. Our future investment strategy includes planned expansion of the Miskin plant located at Junction 34, M4 and we therefore fully support the published proposals and view them as hugely beneficial for Central and West Wales.

Yours faithfully

Group Finance Director
