For the attention of Mr Martin Bates

Dear Sir

**M4CaN
LETTER OF SUPPORT
TATA STEEL**

I am writing on behalf of my client, Tata Steel UK Ltd.

I have been asked to express Tata's support for the M4CaN. Tata Steel is a major user of the existing M4. The congestion encountered, particularly during peak times, is a major concern and has resulted in delayed delivery and increased costs to the company in terms of servicing and accessing customers.

Welsh Government officials and their consultants have engaged positively with Tata in the development of the current proposals and Tata looks forward to working further with Welsh Government in this manner.

The Welsh Government's proposals to ease congestion on this part of the M4, the main transport artery to South Wales, is broadly welcomed by Tata Steel.

Yours faithfully
