2nd May 2016

Dear Sir

M4 Corridor around Newport.

We refer to the above and the March 2016 public exhibition which we attended at Lysaghts Institute and wish to SUPPORT the proposal for a new section of 6-line motorway south of Newport as shown on the plans and in the literature provided at the exhibition.

We also SUPPORT the reclassification of the existing M4 around Newport and the re-opening of the Caerleon Road intersection of the current M4 at Junction 25A to allow the free movement of traffic on all arms of that intersection.

Delays caused by congestion and road closures are we believe a significant detriment to the economy of the South Wales region and construction of the proposed M4 Relief Road will help alleviate the current problems.

Yours sincerely,

p.p. R E Phillips & Partners
