

I used to live in South Wales and even now since I moved to England I am still frequent visitor to South Wales so I know very well that the existing route through Newport is often congested.

I am writing to express my full support for the Welsh Governments proposals as published with the benefits this scheme will bring to the region and my family. Black route in my opinion is the best proposal and I hope that the scheme will go ahead with this route being approved.

Regards,

Tomas Chraska
