Dear Simon

**M4 Corridor Enhancement Measures Magor to Castleton**

Thank you for the very useful meeting on Thursday 7<sup>th</sup> July when we discussed the M4 enhancement proposals and the Council's response to the recent consultation on the Draft Orders.

Overall, the Council is not currently in a position to either support or object to the proposals until there has been further assessment of their potential impacts and necessary mitigations in terms of the highway network, environment, economic development and growth across the Cardiff Capital Region.

The Council's response to the Draft Orders and other previous consultations simply reflect the need to ensure that these impacts are fully realised in a balanced and effective manner.

To this end we would welcome further positive engagement with the M4 project team to develop necessary solutions and assist with the delivery of this important strategic project.

Yours sincerely,

Andrew Gregory  
**Director City Operations**
