Dear Mr Hirst,

My husband and I wish to object strongly, to the closing of the Weatherby Pedestrian Crossing.

Family members have used this crossing since 1936, when these houses were first built, so we feel we have a personal connection with it.

It is a vital community link, especially for families, who rely daily on each other's help and support. It's closure would cause a great deal of hardship, and wasted time, for many, many people.

Yours sincerely,
