21/11/7

I wish to protest at
the closure of the
weather by crossing
I use this crossing alot
Especially as my Daughter
lives off the Chevely Rd &
I often cross with my dog.
It is perfectly safe as far as
I am aware there has never
been an accident. The only
fatalities are when someone
has wished to commit suicide
if it is closed there would be
accidents as people will try
to climb over the fence.
