Dear Sirs

We would like to add our voices to the protests of closing the railway crossing at Cricket Field road. We regularly use this crossing when walking to and from town shopping etc. It would cause us great inconvenience to have to walk right round to the Avenue carrying our shopping.

We would like to add in all the time we have lived in Newmarket 1988 we have never heard of an accident on this crossing.

If there has to be a change ( and we do not think there has to be ) build simple up and over bridge.

Yours sincerely  
Fred and Janet Biggs
