- (b) in the event of the recipient failing to provide such information before the end of the period of 28 days beginning with the date of such request the Secretary of State may (upon being requested to do so by the applicant) direct the recipient to provide the information and the recipient shall, upon receipt of such a direction, provide the information forthwith.

The requirement for environmental statement and screening decisions

7.—(1) Except where the Secretary of State has issued a direction pursuant to paragraph (3), an applicant shall when making an application submit an applicant's statement of environmental information with that application in relation to any proposed works which are to be covered by that application, if those works constitute a project which is of a type mentioned in Annex I or, subject to paragraph (2), Annex II to the Directive.

(2) Where the proposed works constitute a project of a type mentioned in Annex II to the Directive an applicant is not required to submit an applicant's statement of environmental information if the Secretary of State has, under paragraph (13), notified the applicant that an environmental impact assessment is not required in relation to those works.

(3) Where the proposed works comprise or form part of a project serving national defence purposes and the Secretary of State considers that the carrying out of an environmental impact assessment of the works would have an adverse effect on those purposes he may direct that an environmental impact assessment of the works is not required.

(4) Before making an application (other than an application relating to works constituting a project which is of a type mentioned in Annex I to the Directive), an applicant may make a request in writing to the Secretary of State for a decision as to whether or not an environmental impact assessment of the proposed works covered by the application is required ("a screening decision").

- (5) A request made pursuant to paragraph (4) shall be accompanied by—
 - (a) a plan sufficient to identify the land affected by the works in question;
 - (b) a brief description of the nature and purpose of the proposed works; and
 - (c) a brief description of the possible effects on the environment of the works, and may include such other information as the applicant wishes to provide.

(a) S.I. 2004/3391.

(6) If the Secretary of State considers that the information provided by an applicant in or with a request made under paragraph (4) is insufficient to enable him to make a screening decision he shall, not later than 28 days after receiving the request, notify the applicant in writing of the additional information that he considers he requires in order to make that decision.

(7) On receiving notification under paragraph (6), the applicant shall provide the Secretary of State with such of the additional information specified in that notification as the applicant is reasonably able to supply and, where any of the additional information so specified is not provided, a written explanation as to why the applicant is unable to provide the information.

(8) The Secretary of State shall not give a screening decision in response to a request under paragraph (4) until he has given notice of the request to, and invited the views of, the following bodies—

- (a) every local planning authority in whose area the works would be carried out, were the order for which the applicant proposes to apply to be made, or the relevant coastal authority (as the case may be);

(10) Where a request for a screening decision relates to an order which would, if made, authorise works which for the purposes of the Directive could constitute two or more projects which are not interdependent, the Secretary of State may, if he considers it expedient, treat each such project separately for the purposes of this rule and, in such a case, the references in this rule to works shall be construed as relating to each such project separately, and the references to the screening decision shall be construed as relating to such a decision in relation to each such project.

(11) In making his screening decision, the Secretary of State shall take into account the selection criteria set out in Annex III to the Directive^(f).

(12) If the Secretary of State considers that the works in question would be likely to have a significant effect on the environment if carried out, his screening decision shall be that an environmental impact assessment of the works is required.

(13) The Secretary of State shall notify the applicant in writing of his screening decision not later than 42 days after receipt of the request made pursuant to paragraph (4) or, where a notification has been given under paragraph (6), not later than 42 days after receiving the further information that the applicant is required to supply by virtue of paragraph (7).

(14) If the Secretary of State decides that an environmental impact assessment of the works is required, he shall give reasons for that decision in the notification given under paragraph (13).

(7) Where an applicant makes a request for a scoping opinion under paragraph (1) at the same time as he makes a request for a screening decision pursuant to rule 7(4) in relation to the same proposed works, or after he has made a request for such a screening decision but before the Secretary of State has notified him of the screening decision in relation to the works, the Secretary of State shall notify the applicant, in writing, of his scoping opinion not later than 42 days after the date on which he notifies the applicant of his screening decision.

(8) Where the Secretary of State has given a scoping opinion to an applicant he shall not be precluded from requiring that applicant to provide further information in connection with any applicant’s statement of environmental information that may be submitted by that applicant in connection with an application relating to the same, or substantially the same, works as were referred to in that scoping opinion.

- (d) indicates who is making the objection or other representation;
- (e) provides an address to which any correspondence relating to that objection or other representation may be sent.

(2) Where an objection or other representation relates to information supplied by the applicant pursuant to rule 17 after the application has been made, that objection or other representation shall be an objection or other representation for the purposes of these Rules even where it is made after the expiry of the date for objections, if it is made not later than 42 days after the date on which the information is supplied to the Secretary of State or the last date on which a notice relating to the information is published in a newspaper pursuant to rule 17(4), whichever date is the later.

(3) In this rule and in rules 22 to 25, a reference to an objection or other representation includes a reference to any document submitted with an objection or other representation.

Notice of objections and other representations

22.—(1) The Secretary of State shall, as soon as reasonably practicable after he has received an objection or other representation, provide the applicant with a copy of that objection or other representation.

(2) As soon as reasonably practicable after the expiry date for objections, the Secretary of State shall provide the applicant with a list of the objections and other representations that the Secretary of State has received stating, in each case—

- (a) the name and address of the objector or maker of the other representation; and
- (b) the reference number given to the objection or other representation.

(3) The Secretary of State may, upon request, provide any person with a copy of any objections or other representations made by others.

Application of written representations procedure

23.—(1) Subject to paragraphs (2) to (4), rule 24 shall apply to an objection unless, on or before the operative date, the Secretary of State has—

- (a) given notice in accordance with rules made under section 9 of the Tribunal and Inquiries Act 1992 that he will cause a public local inquiry to be held;
- (b) given notice to the applicant and every objector who made the objection in question that the objection will be dealt with in accordance with section 11(2);
- (c) informed the objector in question and the applicant that it appears to him that the objection is of a type mentioned in paragraph (a) or (b) of section 10(3); or
- (d) published a notice in the London Gazette in accordance with section 9(2) identifying the application and the proposals in it which in his opinion are of national significance.

(2) Rule 24 shall not apply in relation to an objection if, not later than the operative date, a statutory objector informs the Secretary of State in writing that he wishes the objection to be referred to a public local inquiry or dealt with in accordance with section 11(2).

(3) Rule 24 shall cease to apply to an objection if after the operative date either the Secretary of State or a statutory objector, as the case may be, takes in relation to that objection one of the steps mentioned in paragraph (1) or (2).

(4) Notwithstanding that one of the steps mentioned in paragraph (1) or (2) has been taken, the Secretary of State may, with the consent of the applicant and every statutory objector, and after consulting such other persons as he thinks fit, direct that rule 24 shall thereafter apply to all objections that have not been withdrawn; provided that, where any of the steps required to be taken under that rule have been taken before the date of that direction, they need not be taken again.

(5) In this rule “statutory objector” means a person within section 11(4) who has made an objection which has not been withdrawn.

Procedure by written representations

24.—(1) Where none of the steps mentioned in paragraph (1) or (2) of rule 23 has been taken by the operative date, the provisions of this rule shall apply and the Secretary of State shall notify the applicant and all those who have made, and not withdrawn, an objection or other representation pursuant to rule 21 that this is the case.

(2) The applicant shall, not later than 28 days of being notified pursuant to paragraph (1), send to the Secretary of State representations upon each objection.

(3) The Secretary of State shall, within 7 days of receiving representations from the applicant pursuant to paragraph (2), send to each objector a copy of any of those representations that relate to his objection and shall inform him of his rights under paragraph (4).

(4) An objector may, within 21 days of being sent a copy of the applicant’s representations pursuant to paragraph (3), reply in writing to the Secretary of State.

(5) Where the Secretary of State receives no reply from an objector within the period specified in paragraph (4) he may proceed to make a determination under section 13, unless he considers that he does not have sufficient information to enable him to make a determination.

(6) Where the Secretary of State receives a reply from an objector pursuant to paragraph (4) he shall, within 7 days of receipt, send a copy of such reply to the applicant.

(7) If the applicant wishes to send any further representations to the Secretary of State he shall do so within 14 days of being sent a copy of any reply pursuant to paragraph (6).

(8) Subject to paragraph (9), the Secretary of State may, upon expiry of the period specified in paragraph (7), proceed to make a determination under section 13, unless he considers that—

- (a) he does not have sufficient information to enable him to make such a determination; or
- (b) any further representations received from the applicant pursuant to paragraph (7) raise a new matter which, in the opinion of the Secretary of State, may affect his determination and upon which an objector should be given the opportunity to comment.

(9) Where, pursuant to paragraph (5) or (8)(a), the Secretary of State considers that he requires further information from the applicant or an objector to enable him to make a determination under section 13 or where, pursuant to paragraph (8)(b), he decides to give an objector a further opportunity to comment, he shall write to the applicant and objector accordingly and he shall specify the period during which any further information or comments, as the case may be, shall be submitted to him.

(10) Where paragraph (9) applies, the Secretary of State shall consider, upon receipt of any further information or comments within the specified period, whether or not a further opportunity to comment should be given to the applicant or to an objector and, if so, he shall specify a period for making any further comments.

(11) The Secretary of State may, upon request, provide any person with a copy of any written representations or other material that have been sent to him pursuant to this rule.

(12) In making a determination under section 13, the Secretary of State may disregard any written representations or other material that have not been sent to him within any time limit specified under or pursuant to this rule.

Submission of written objections and other representations to inquiry or hearing

25. Where the Secretary of State causes a public local inquiry to be held or gives an objector an opportunity of being heard before a person appointed by the Secretary of State, the Secretary of State shall submit every objection and other representation made pursuant to rule 21 either to the inquiry inspector or the person so appointed, as the case may be, as soon as it is reasonably practicable to do so.

Power to set later time limits

26. The Secretary of State may in a particular case allow further time for the taking of such steps (including a step which he is required or enabled to take himself) which may or must be taken pursuant to these Rules and any reference to a date by which or a period within which any step is required to be taken shall be construed accordingly.

Service of notices or documents

27.—(1) Notices or documents required or authorised to be served or sent under any of the provisions of these Rules may be sent—

- (a) by post; or
- (b) subject to paragraphs (2) to (5), by electronic transmission.

(2) Where a notice or other document required to be served or sent for the purposes of these Rules is served or sent by electronic transmission the requirement shall be taken to be fulfilled where the recipient of the notice, or other document to be transmitted, has given his consent in writing to the use of electronic transmission.

(3) Where the recipient of a notice or other document served or sent by electronic transmission notifies the sender within 7 days of receipt that he requires a paper copy of all or any part of that notice or other document, the sender shall provide such a copy as soon as is reasonably practicable.

(4) A person may revoke his consent to the use of electronic transmission in accordance with paragraph (5).

(5) Where a person is no longer willing to accept the use of electronic transmission for any of the purposes of these Rules he shall—

- (a) give notice in writing revoking any consent given by him for that purpose; and
- (b) such revocation shall be final and shall take effect on a date specified by the person in the notice but that date shall not be less than 7 days after the date on which the notice is given.

28.—(1) This rule applies where an application for an order to be made under section 1 or 3, or a proposal to make an order under section 7(1)(b) or (c), relates solely to any matter specified in paragraph (2).

(2) The specified matters are—

- (a) the construction or operation of a transport system in Wales;

- (c) the carrying out of works which interfere with rights of navigation within Wales or in the territorial sea adjacent to Wales; and
- (d) any works or other matters which would be carried out, or occur wholly, in Wales, or which would affect only Wales, and which are ancillary to any of the matters specified in sub-paragraphs (a) to (c).

(3) Where this rule applies—

- (a) subject to sub-paragraph 3(b), references in these Rules to the Secretary of State, other than the reference in rule 7(3), shall be construed as references to the National Assembly for Wales;
- (b) the reference to the Secretary of State in rule 23, in so far as it relates to paragraph (1) (d) of that rule, shall be construed as a reference to the Secretary of State and the National Assembly for Wales but otherwise shall be construed as a reference only to the Assembly;

EXPLANATORY NOTE

(This note is not part of the Rules)

These Rules replace, subject to the transitional provisions in rule 3, the Transport and Works (Applications and Objections Procedure) (England and Wales) Rules 2000 (“the 2000 Rules”). The Rules prescribe the procedures for—

- (a) the making of applications for orders under Part 1 of the Transport and Works Act 1992 (“the Act”);
- (b) proposals for orders to be made by the Secretary of State otherwise than on application; and
- (c) the making of objections and other representations relating to such applications and proposals.

They also prescribe the procedures for handling objections where the Secretary of State decides not to hold a public inquiry or a hearing under section 11 of the Act.

The Rules include changes to the procedures set out in the 2000 Rules, the main changes to the previous system being—

- (a) to provide for electronic service of documents and to remove requirements on applicants to serve documents on those who confirm they do not require them, or only require a part;
- (b) a requirement to send the Secretary of State, at least 28 days before an application is made, a draft of the proposed order and explanatory memorandum explaining the purpose and effect of the order provisions (*rule 5*);
- (c) the submission of a summary report of consultations undertaken, an explanatory memorandum and concise statement of the aims of the proposals (*rule 10*);
- (d) to enable the Secretary of State to send objectors and other interested parties copies of objections and other representations made by others (*rule 22*);
- (e) to provide for a more disciplined and timetabled process for exchanging written representations where the Secretary of State decides not to hold a public local inquiry under section 11 of the Act (*rule 24*); and
- (f) an increase in application fees (*Schedule 4 Part 1*):
