

OBJ/247 - Kevin and Shaun Mc Bride and Direct Pallets Ltd

We are instructed by the owners of land at Ridgmont Station - land falling within title no. BD 197176 as attached.

We have just been made aware of the proposal to create a new public right of way through the site - see attached.

On behalf of our clients we hereby OBJECT to the proposed Order on safety grounds. The land is consented for use for commercial storage. The site is used by heavy plant / forklifts and HGVs that from time to time need to use the existing under- bridge to access the western part of the site. We do not think that the proposed public right of way is compatible with the consented use.

Please confirm receipt of this OBJECTION and that it will be brought to the attention of the Inspector.

Regards

**Andrew Wright FRICS FAAV**
