Subject: Network Rail East West Rail TWA Order

Dear Sir,

I object to the proposed temporary stopping up of Mill Road and Poundon Road which is being sought pursuant to the above works. These are roads which I find it essential to use several times a day by vehicle, horse and bicycle due to the location of my property. There is no safe alternative route for me to use in particular by horse and bicycle.

My postal address is Bicester,

I do not believe that the extent of the powers sought are necessary and reasonable and the effect upon me would be disproportionate. Given the nature of the works there is no need for this order to be made. There are other better and more reasonable alternatives to this particular proposal. Furthermore, it is entirely unreasonable for the powers sought to be open-ended and not the subject of a time limit. I have had no previous notice or consultation in relation to this proposal. I would like my objection to be heard at Public Inquiry.

Yours faithfully

Christobel Smith
