Subject: NETWORK RAIL EAST WEST Rail TWA order

To Whom It May Concern

Particularly in respect of Works Order no2 , p39 of 136

I would like to bring the secretaries attention to this part of the East/West Rail TWA

The OXD/4 Cattle Arch Selbourne Avenue Underbridge

This arched bridge is in fact the **only access way** to Scotts Social club, The Bowling Club and the football pitches that are widely used by the neighbourhood and visiting teams, the allotments and **more importantly Selbourne Avenue Cemetery and Mausoleum.**

It concerns me that families of graves in the cemetery seem to have no knowledge of the TWO going before the secretary of state, and no-one has any idea of any alternative access facilities that might or might not be part of the arrangement during the period of works.

It's a concern that hasn't been more awareness of work being undertaken and how access to cemetery and field will be accessed.
