**Works Order no.2 P39 of 136. OXD/4 Cattle Arch Selbourne Avenue Underbridge**

Dear Sirs,

We are writing in reference to the above noted application that has been made, the applications to extend the railway line between Bicester-to-Bletchley-to-Bedford and Aylesbury-to-Claydon.

The above application will make a huge impact on the noise pollution within the local area. We live behind the existent railway line and the huge increase on transport routes will have an effect on everyone in close proximity, not just ourselves but our neighbours as well.

I understand that as a result of the application, you also wish to cut off access to the local cemetery where many neighbours loved ones have been put to rest. The access to this cemetery is important to those who have loved ones placed there and without an alternative route to take, this is completely unacceptable.

I trust you will note this objection to proceed with the above referenced plans.

Yours Sincerely,

Mr and Mrs Hull
