Subject: Closure of public right of way .

I wish to object to the proposed closure of the public right of way in Woburn Sands between Cranfield Road and the recreation ground , I went to one of the East West Railways consultation meetings and a pedestrian bridge was planned , which was fine , I find it unbelievable that this is now considered to costly , the level crossing at Woburn Sands is not safe for children crossing from Cranfield Road , the safety of children going to school is more important than cost cutting !!!! if they want a modern East West Railway then they should be prepared to pay the price of doing the job properly !!!!

D.Cox,

Milton Keynes ,
