Subject: Network Rail East West Rail TEA order

Dear Sir/Madam,

I am writing to voice my objection to the temporary stopping up of Selbourne Avenue between points T1 and T2 as this will mean there is no access to several public amenities and community services.

These being the local cemetery, a very well supported football club a bowls club, allotments and a social club.

Before the closure is put in place alternative access needs to be arranged by Network Rail as the various services above will not be accessible other wise.

Yours faithfully

Mrs Nicola Whitmore

Local resident and user of above services.
